

S C R E E N - F R E E L E A R N I N G

Flowers

A Colouring Book of 104 Flowers, from India to the Rest
of the World

52 flowers of India and 52 from around the world. Every page shows the real colours in the corner, so you can match them or invent your own.

Ages 5 to 12 · 104 Flowers · Colour Key on Every Page

activityforkydz.com

How You Can Use This Book

A quick, friendly note before the colouring begins.

Yes, please do

- ✓ Print it as many times as you like for your own children
- ✓ Use it in your classroom, art club or nature group
- ✓ Print a page again whenever somebody wants another go
- ✓ Put the finished pages up on the wall

Please do not

- ✗ Resell, share or forward the PDF file itself
- ✗ Upload it to any website, group or file sharing service
- ✗ Claim the artwork as your own
- ✗ Print it for commercial resale as a physical book

Every one of the 104 flowers in this book was drawn from scratch for activityforKydz. Copyright 2026 activityforKydz. All rights reserved. Licensed for personal, family and single classroom use only.

If a friend loves it, please point them to **activityforkydz.com** rather than forwarding the file. Thank you for keeping independent learning brands alive.

A Note for Parents

Read this once, then never think about it again.

Most flower colouring books hand a child an outline and leave them to guess. This one puts the real colours in the corner of every single page.

That small square changes what the activity is. A child can copy it exactly and learn that a gulmohar is scarlet and an amaltas is yellow, or they can look at it, decide they prefer purple, and colour it purple. Both are fine. What they cannot do is finish the page without having looked at the real thing.

The book puts India first on purpose. A child growing up in Hyderabad or Chennai should meet marigold, champa and gulmohar before they meet tulips. Fifty two Indian flowers come before the fifty two from everywhere else.

Every page carries the common name, the botanical name and one short fact. Read the fact out while they colour. The botanical name is there deliberately: children find long Latin names funny rather than frightening.

Take the book outside if you can. Half the flowers in Part One and Part Two are growing within walking distance of most Indian homes.

"I want to do this with my child today."

That single sentence is the only test every page in this book had to pass. We are not making worksheets. We are making moments you will both remember.

How to Use This Book

Six small things that make a big difference at the table.

1. Look at the corner first

The small picture is the real flower. Study it before picking up a single pencil.

2. Copy it or change it

Matching the real colours teaches observation. Inventing your own teaches something else. Both count.

3. Read the name out

Common name, then the Latin one. Children enjoy long names far more than adults expect.

4. Print on A4

Plain paper is fine. Everything is drawn in open outlines that use very little ink.

5. Go and find one

Most of Part One and Part Two grow within a short walk of an Indian home.

6. One a day

104 flowers is more than three months at one page a day. There is no rush at all.

The book runs India first. Parts One to Four are 52 Indian flowers: festival flowers, garden favourites, flowering trees, and the wild and rare ones. Parts Five to Eight are 52 more from Europe, Asia, the Americas, Africa and Australia.

What Is Inside

104 flowers in eight parts. India first, then the rest of the world.

Sacred and Festival Flowers of India

SACRED AND FESTIVAL FLOWERS OF INDIA

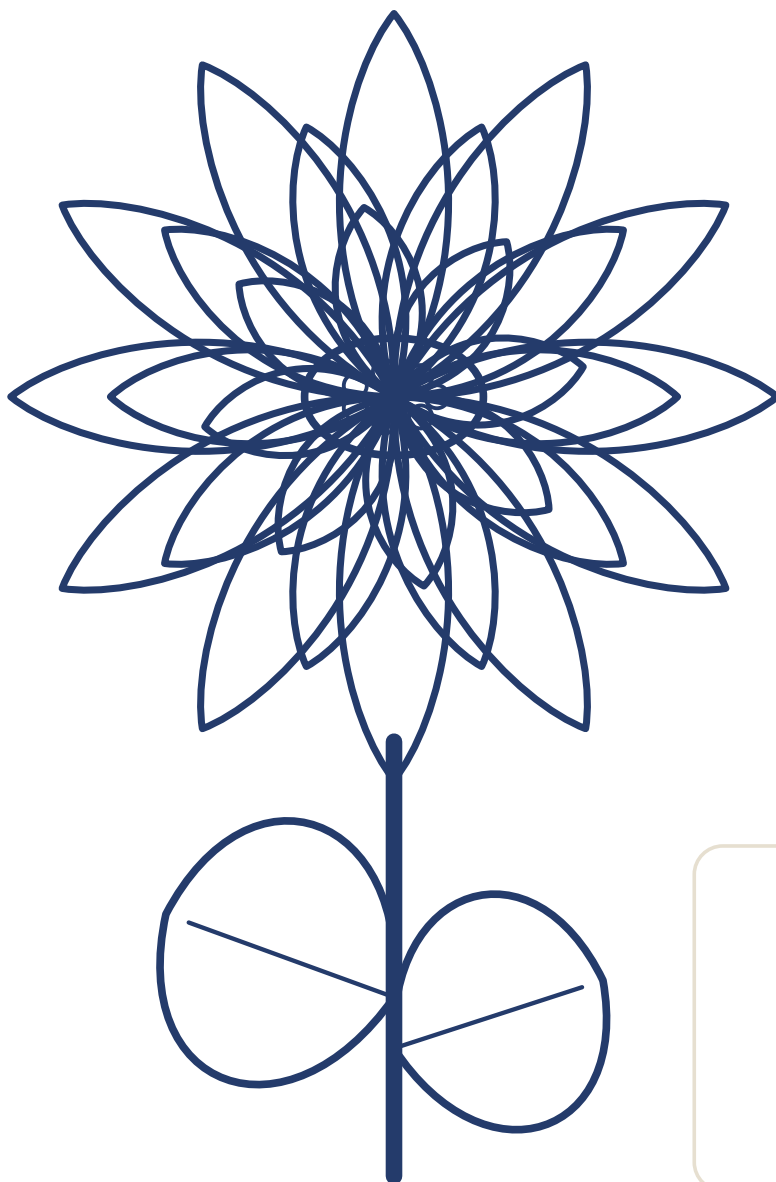

Sacred and Festival Flowers of India

Twelve flowers that turn up at every temple, wedding and festival in India. If you have ever been handed a garland, it was made of these.

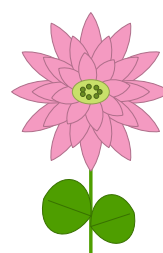

Lotus

Nelumbo nucifera

India · National flower

REAL COLOURS

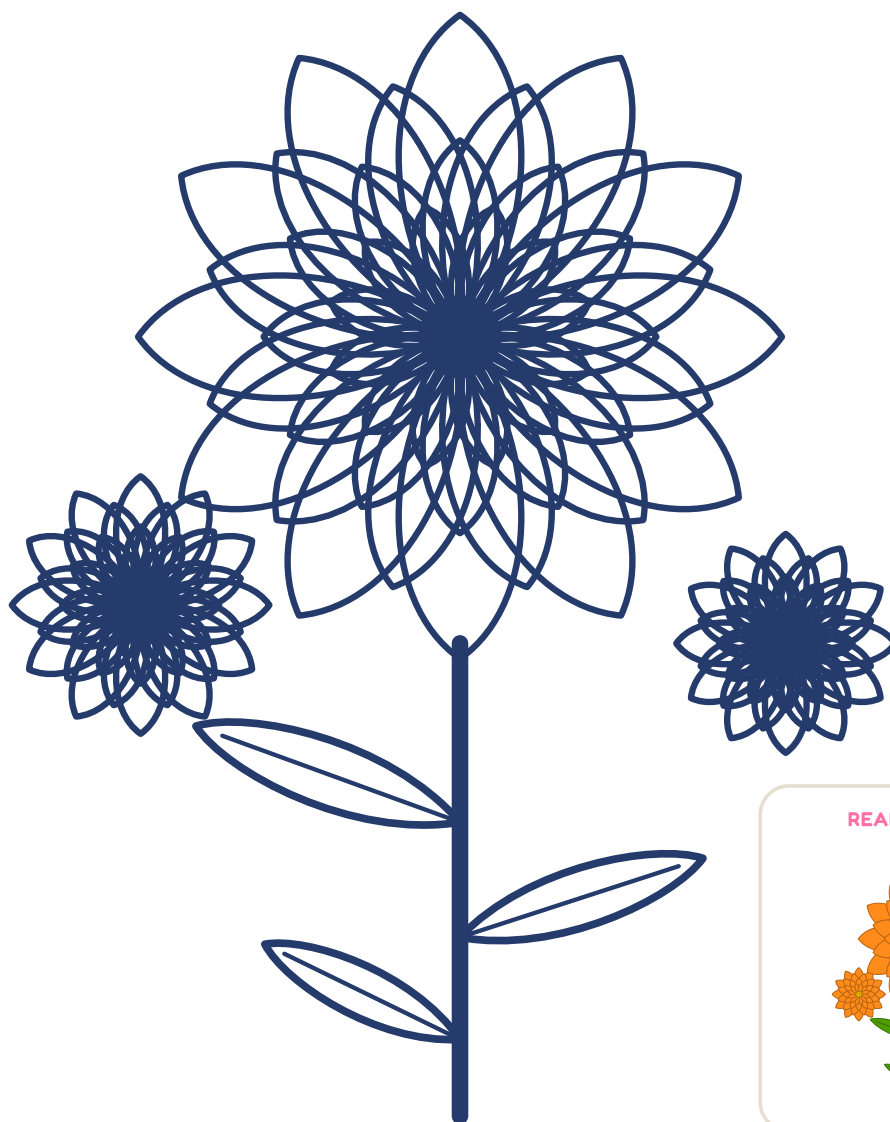

The lotus grows out of muddy water and comes up perfectly clean. That is why it stands for a fresh start.

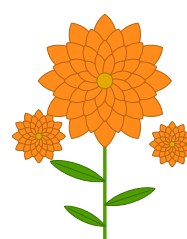

Marigold

Tagetes erecta

India · Genda

REAL COLOURS

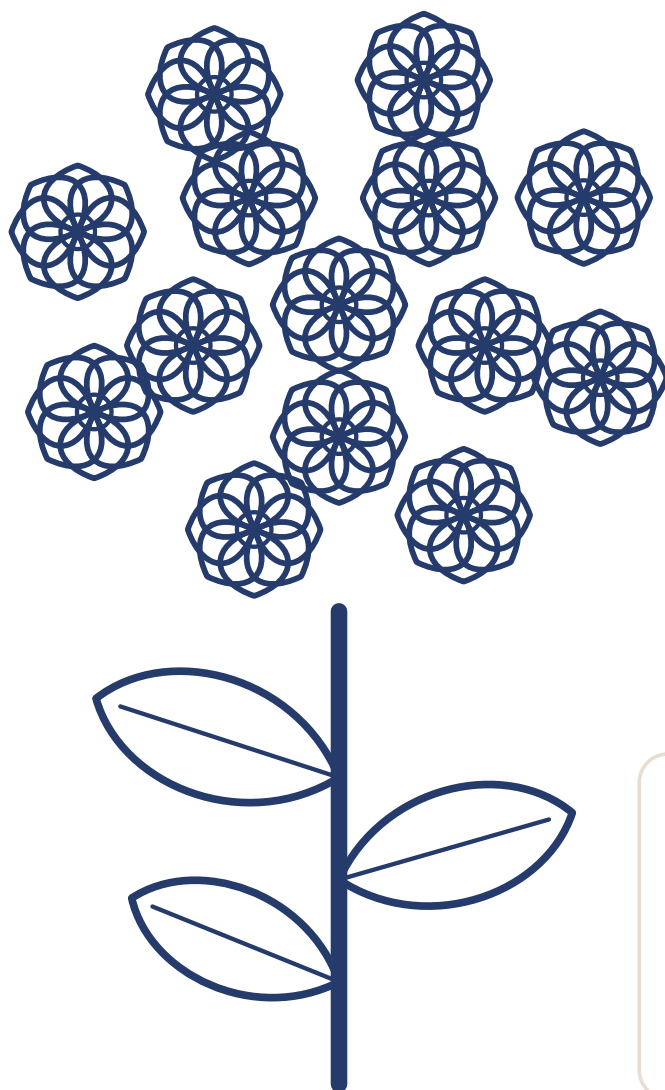

Strung into garlands for every festival and wedding from Kashmir to Kerala.

Jasmine

Jasminum sambac

India · Mogra

REAL COLOURS

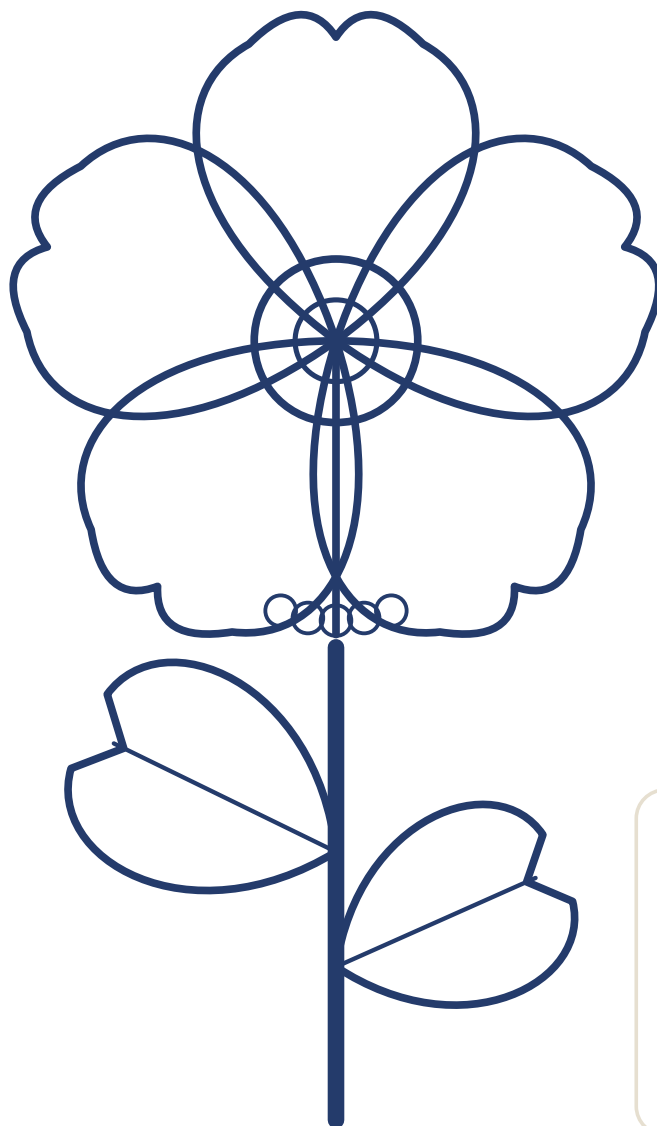

Picked at dusk because that is when the scent is strongest. Worn in the hair.

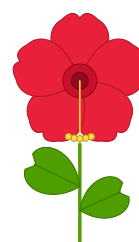

Hibiscus

Hibiscus rosa-sinensis

India · Gudhal

REAL COLOURS

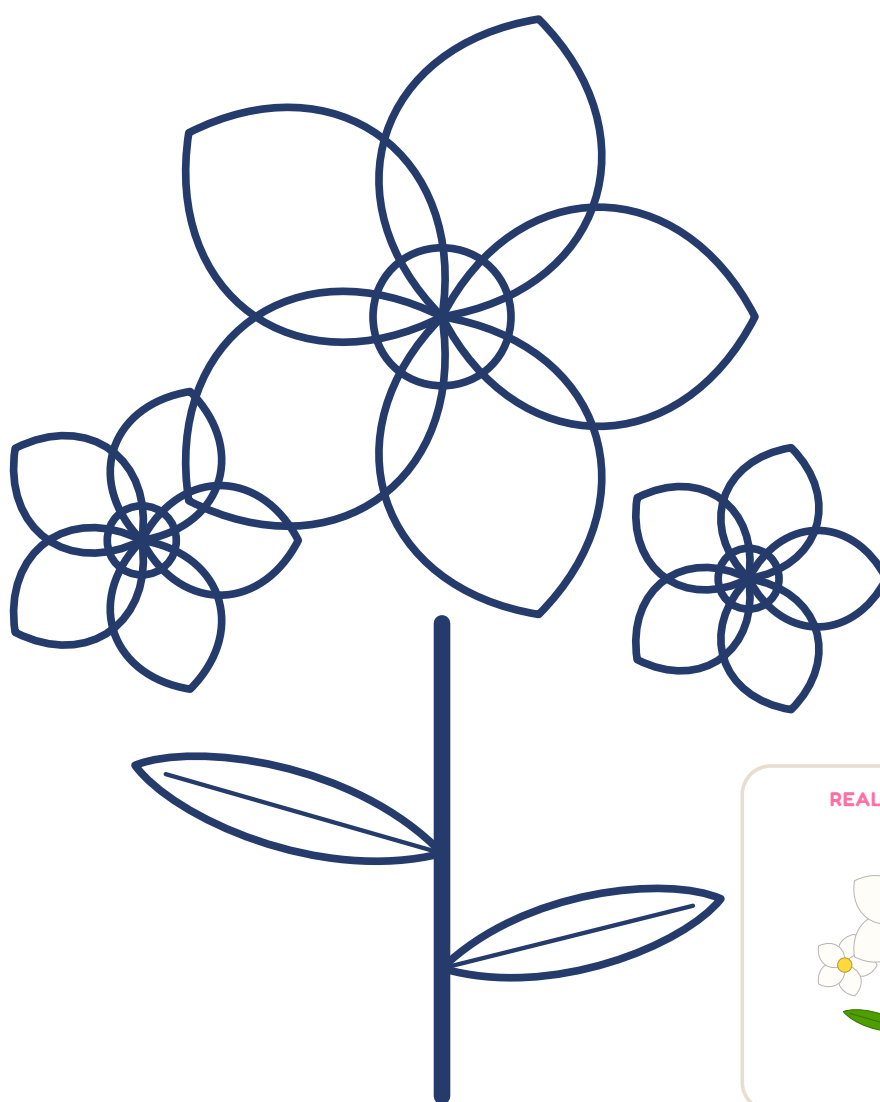

The long stalk poking out of the middle carries the pollen. Look for it.

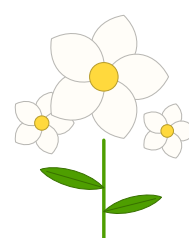

Champa

Plumeria rubra

India · Frangipani

REAL COLOURS

Five petals that overlap like a windmill, and a scent that carries for metres.

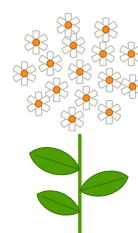

Parijat

Nyctanthes arbor-tristis

India · Night jasmine

REAL COLOURS

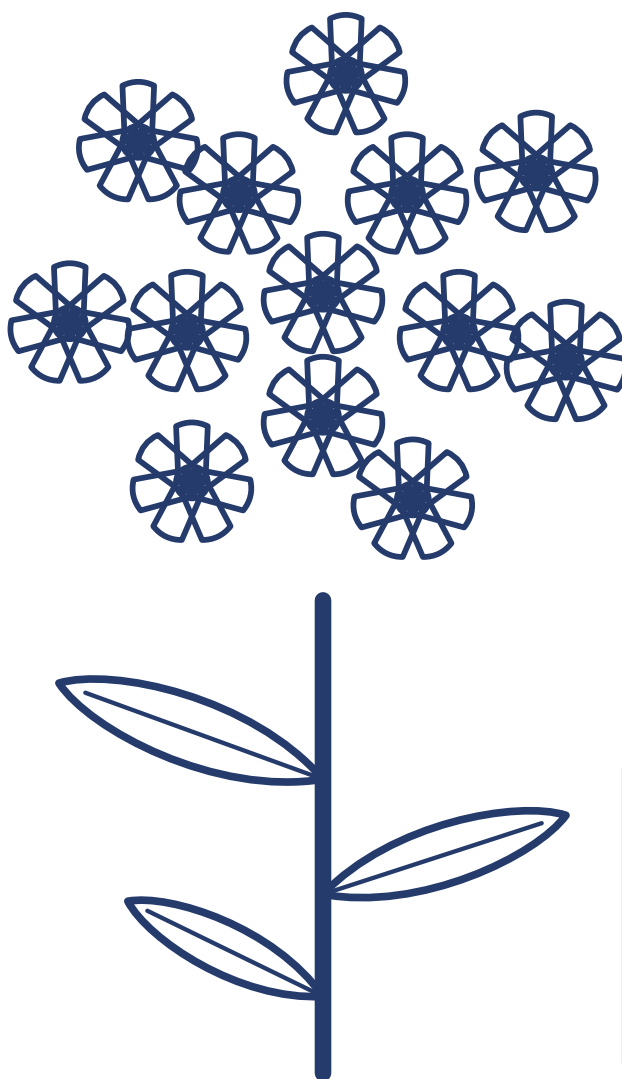

It opens after dark and drops to the ground by sunrise. You collect it, never pick it.

Chameli

Jasminum grandiflorum

India · Spanish jasmine

REAL COLOURS

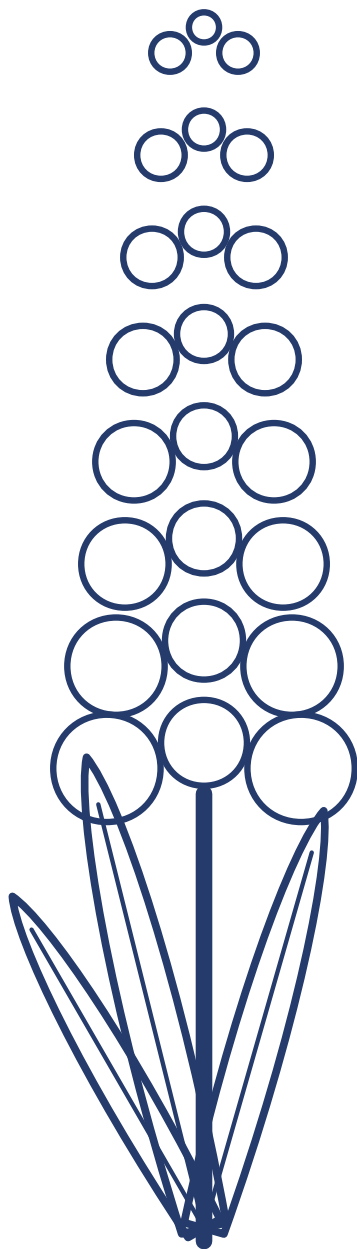

The flower used to make attar, one of the oldest perfumes in the world.

Tuberose

Agave amica

India · Rajnigandha

REAL COLOURS

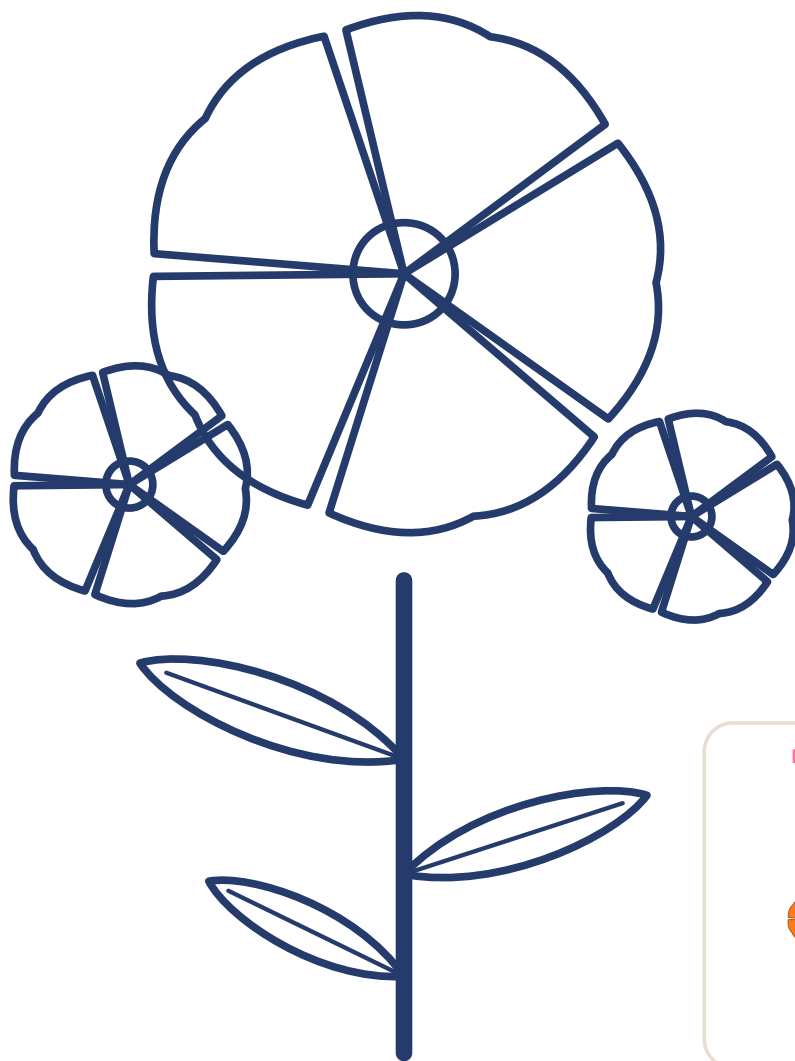

A tall spike of waxy white stars. Florists love it because it lasts for days.

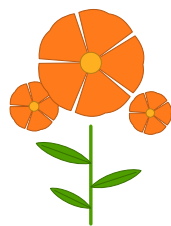

Crossandra

Crossandra infundibuliformis

South India · Kanakambaram

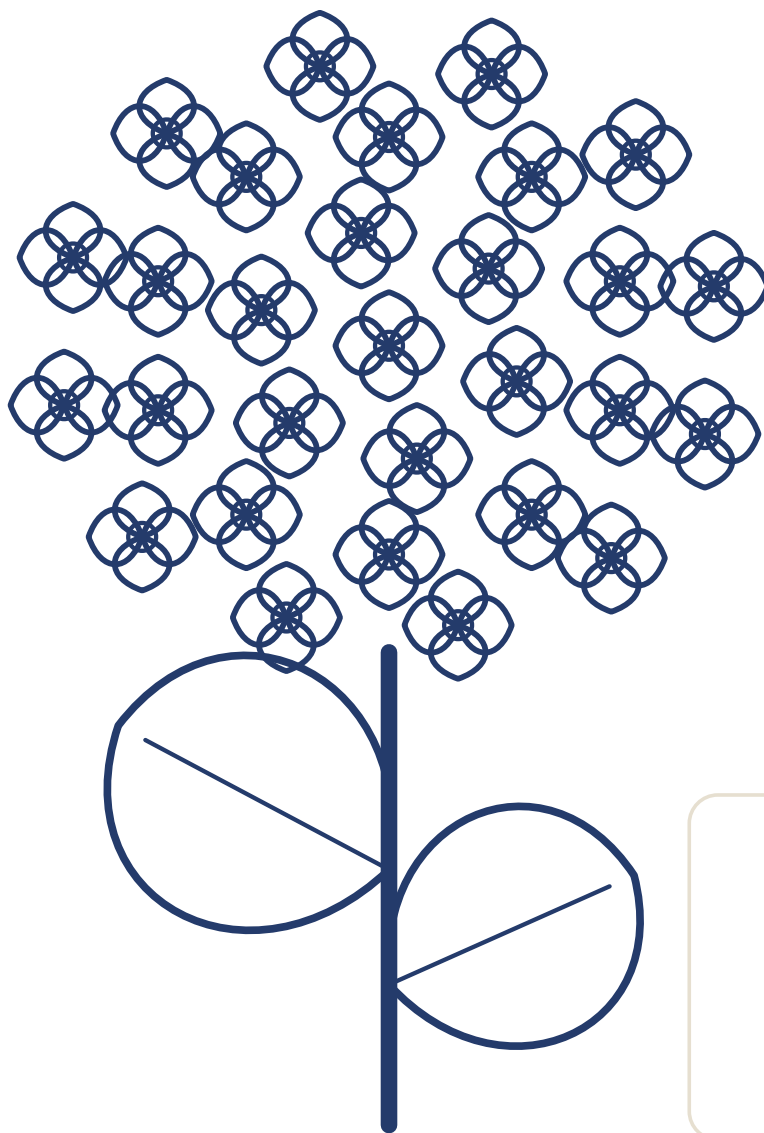

REAL COLOURS

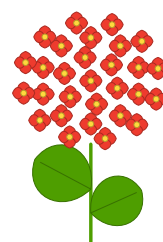

Sold by the metre outside temples in Tamil Nadu, threaded with jasmine.

Ixora*Ixora coccinea*

India · Rugmini

REAL COLOURS

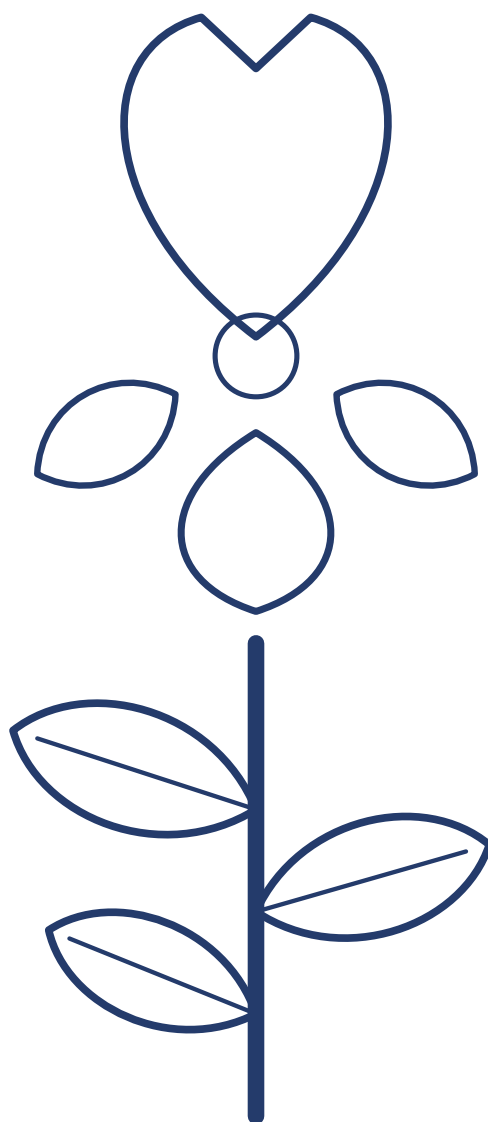

Hundreds of tiny four petalled stars packed into one dome.

Blue Pea

Clitoria ternatea

India · Aparajita

REAL COLOURS

The petals turn hot water bright blue. Squeeze a lemon in and it turns purple.

Water Lily

Nymphaea nouchali

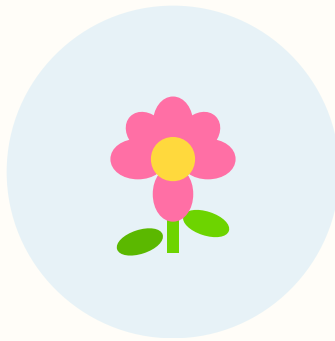

India · Kumudini

REAL COLOURS

Not the same as a lotus. The leaves and flowers of a water lily float flat on the water.

INDIAN GARDEN FAVOURITES

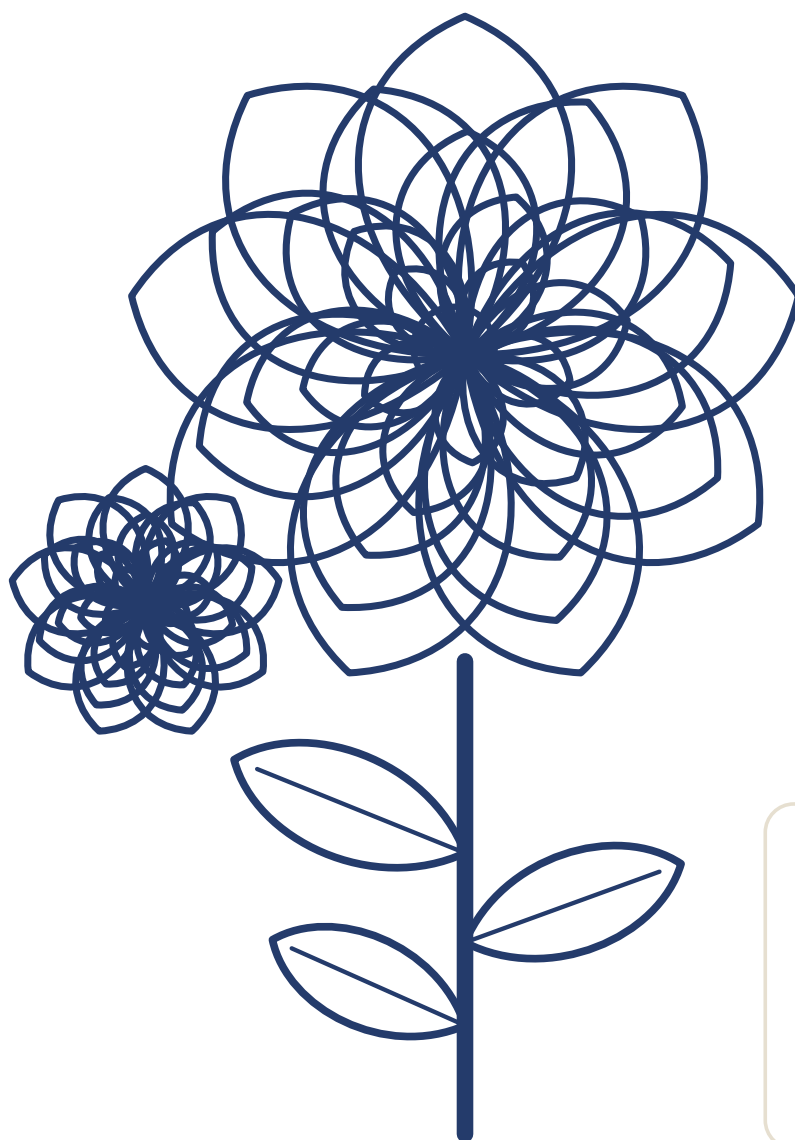

Indian Garden Favourites

Sixteen flowers from balconies, courtyards and school gardens all over the country. Most of them will grow from a packet of seed and a pot.

Rose

Rosa indica

India · Gulab

REAL COLOURS

Grown in Rajasthan by the field to make rose water and gulkand.

Sunflower

Helianthus annuus

India · Surajmukhi

REAL COLOURS

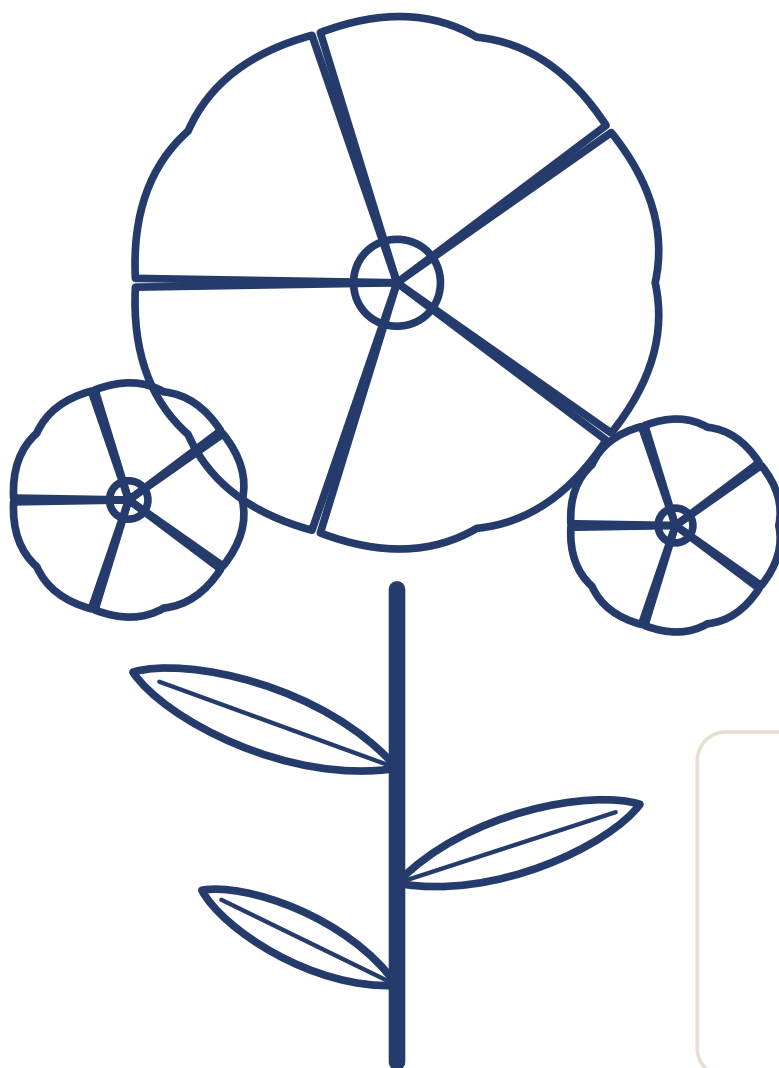

The young flower head turns to follow the sun across the sky all day.

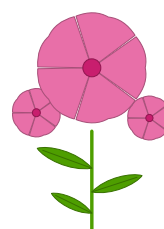

Periwinkle

Catharanthus roseus

India · Sadabahar

REAL COLOURS

Sadabahar means always in bloom, and it very nearly is.

Zinnia

Zinnia elegans

India · Garden favourite

REAL COLOURS

One of the easiest flowers to grow from seed, which is why every school garden has it.

Dahlia

Dahlia pinnata

India · Winter bloomer

REAL COLOURS

Hundreds of petals arranged in perfect spirals. Count a row and see.

Chrysanthemum

Chrysanthemum indicum

India · Guldaudi

REAL COLOURS

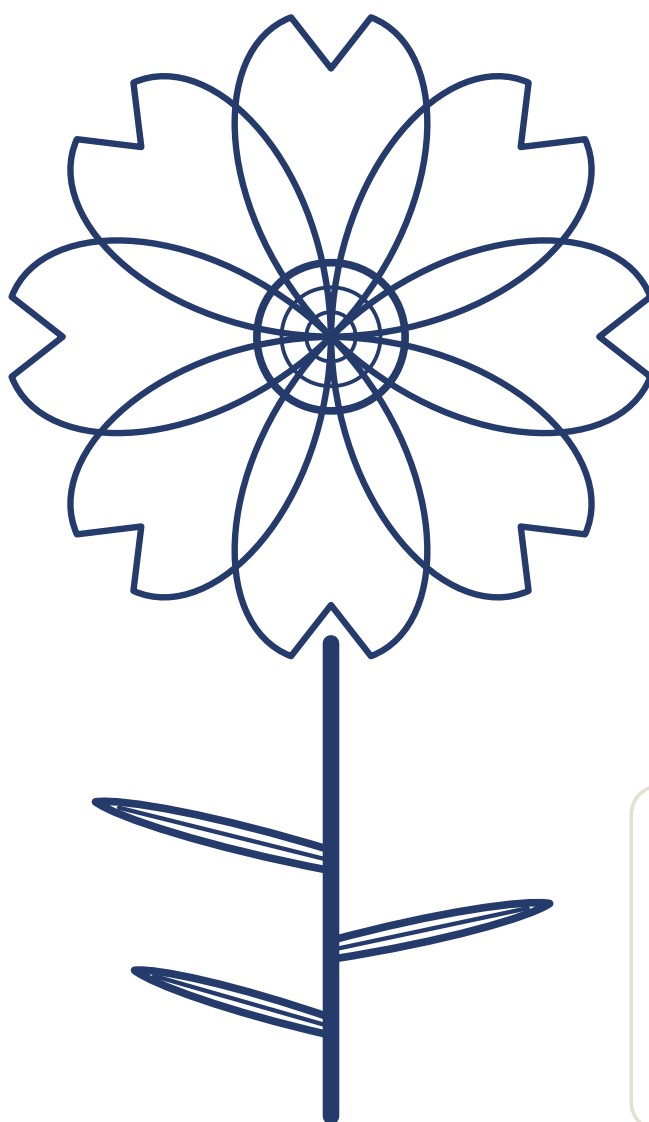

Sold in bunches in winter markets. In some places the petals go into tea.

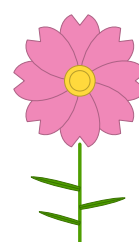

Cosmos

Cosmos bipinnatus

India · Roadside garden

REAL COLOURS

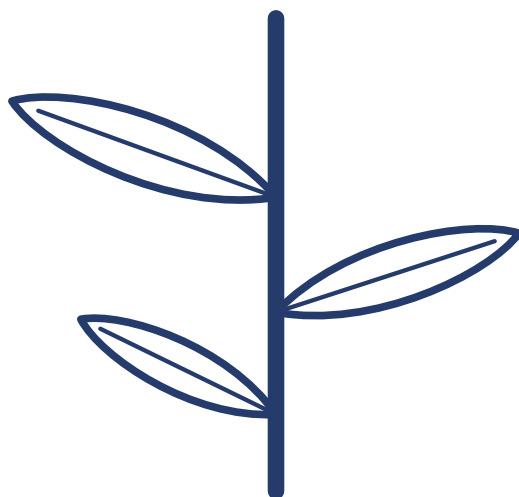

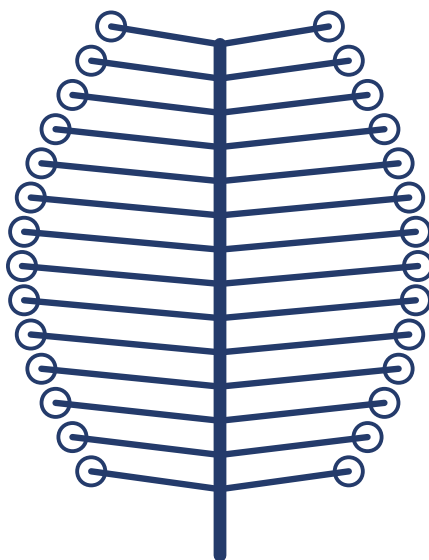

So light that the whole flower nods in the smallest breeze.

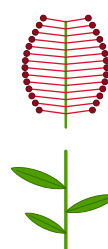

Cockscomb

Celosia argentea

India · Lal murga

REAL COLOURS

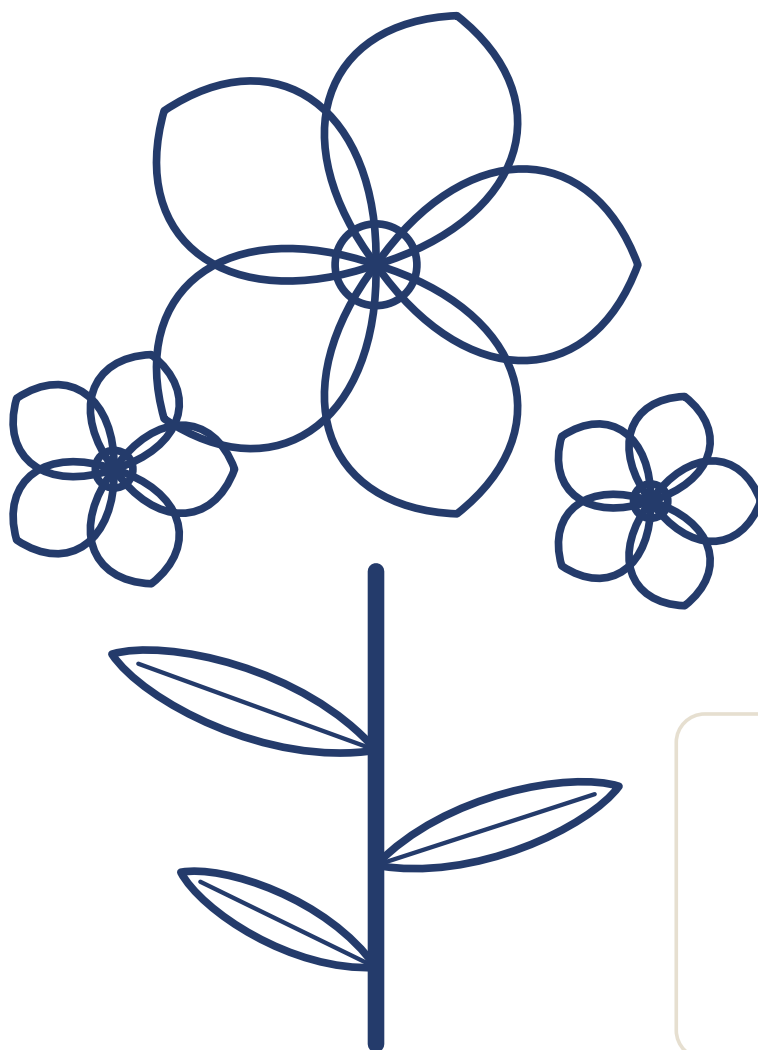

The flower head really does look like the comb on a rooster.

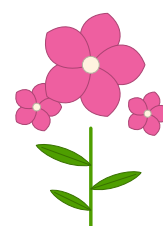

Balsam

Impatiens balsamina

India · Gul mehndi

REAL COLOURS

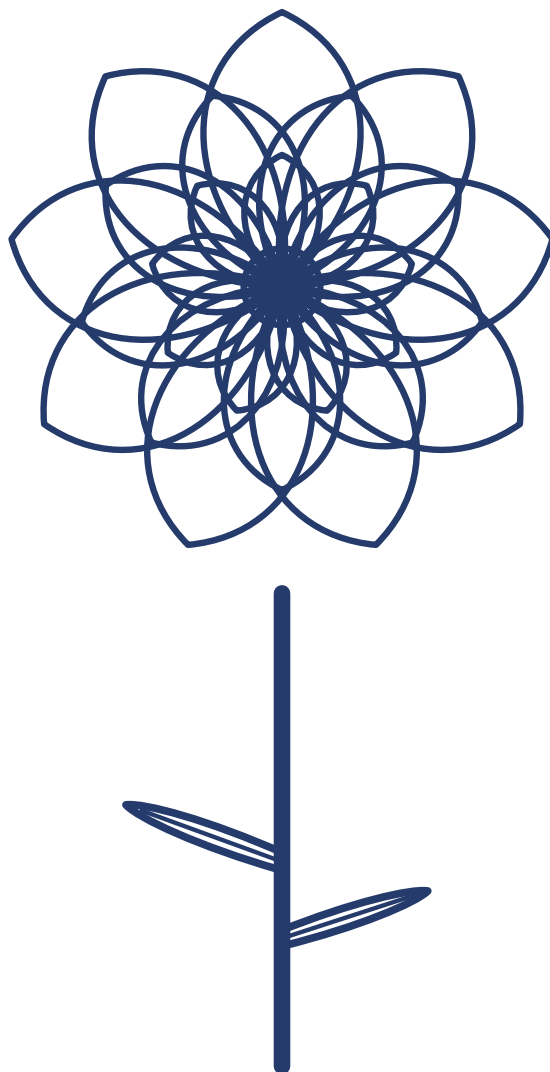

The ripe seed pods burst open when you touch them. Children find this hilarious.

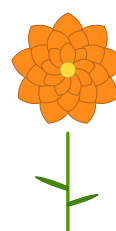

Portulaca

Portulaca grandiflora

India · Moss rose

REAL COLOURS

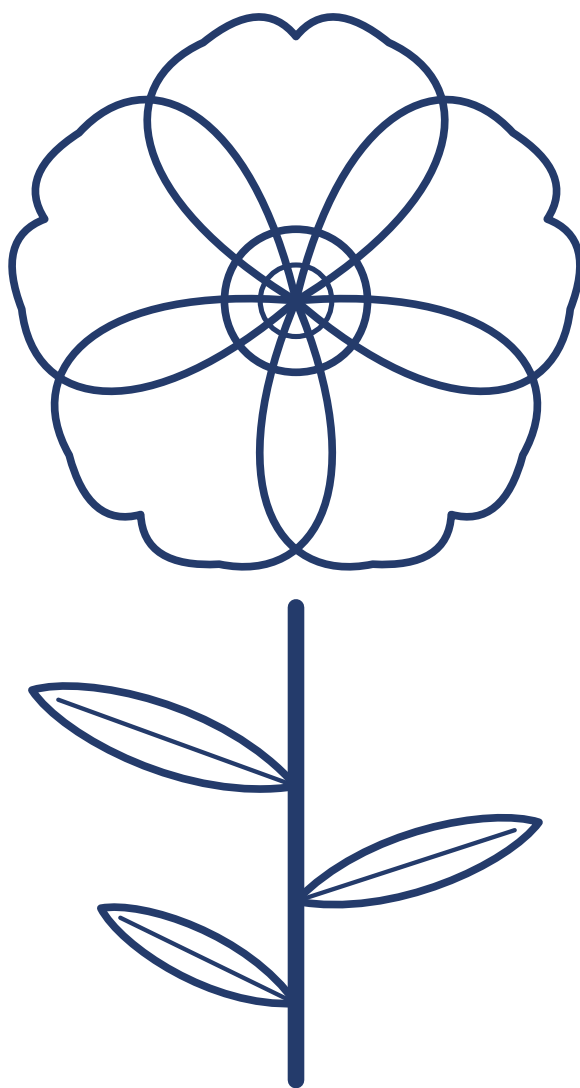

It opens in full sun and shuts again when the light goes. A living clock.

Petunia

Petunia hybrida

India · Balcony pots

REAL COLOURS

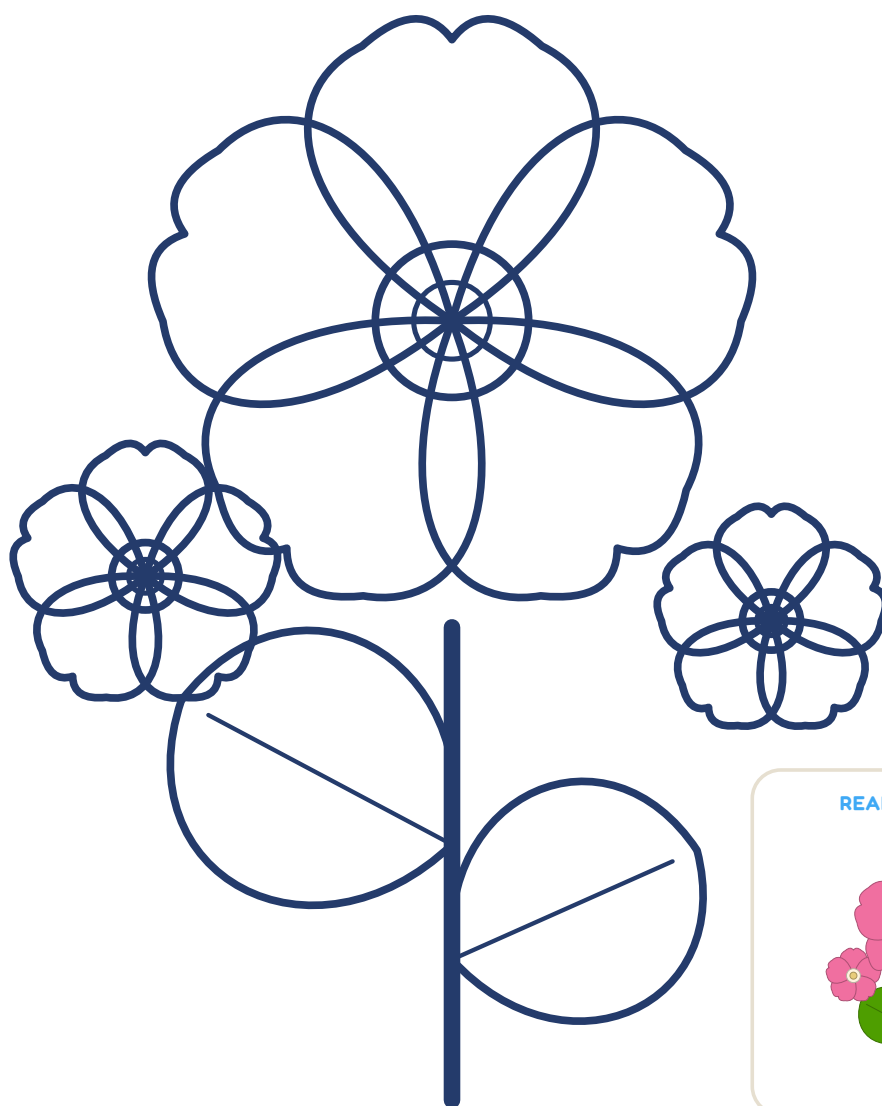

One wide funnel with five soft lobes and dark lines running down the throat.

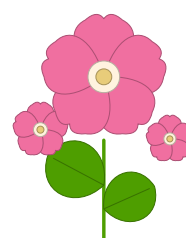

Hollyhock

Alcea rosea

India · Gulkhaira

REAL COLOURS

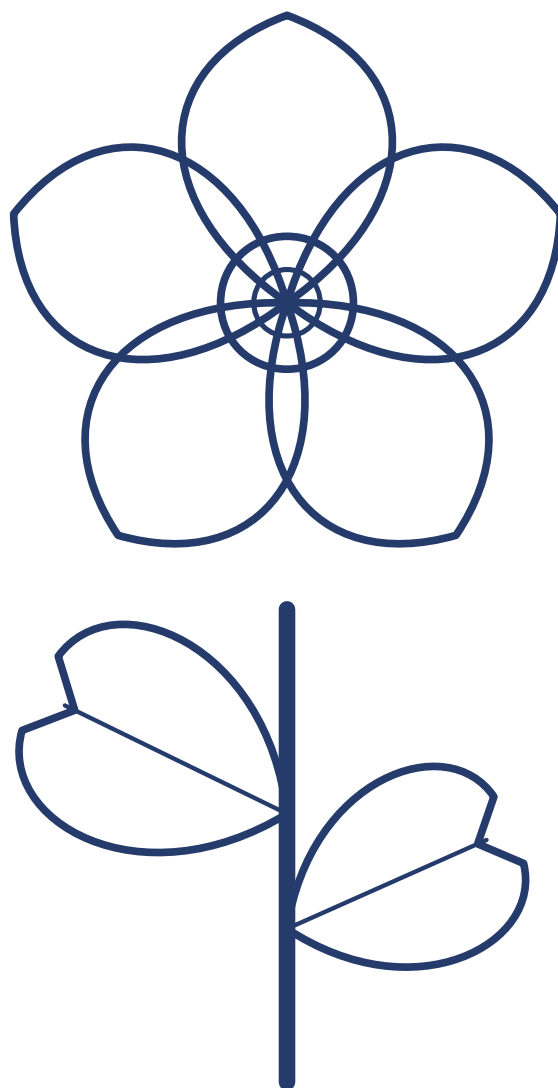

Grows taller than most children, sometimes taller than the grown ups.

Marvel of Peru

Mirabilis jalapa

India · Gulabbas

REAL COLOURS

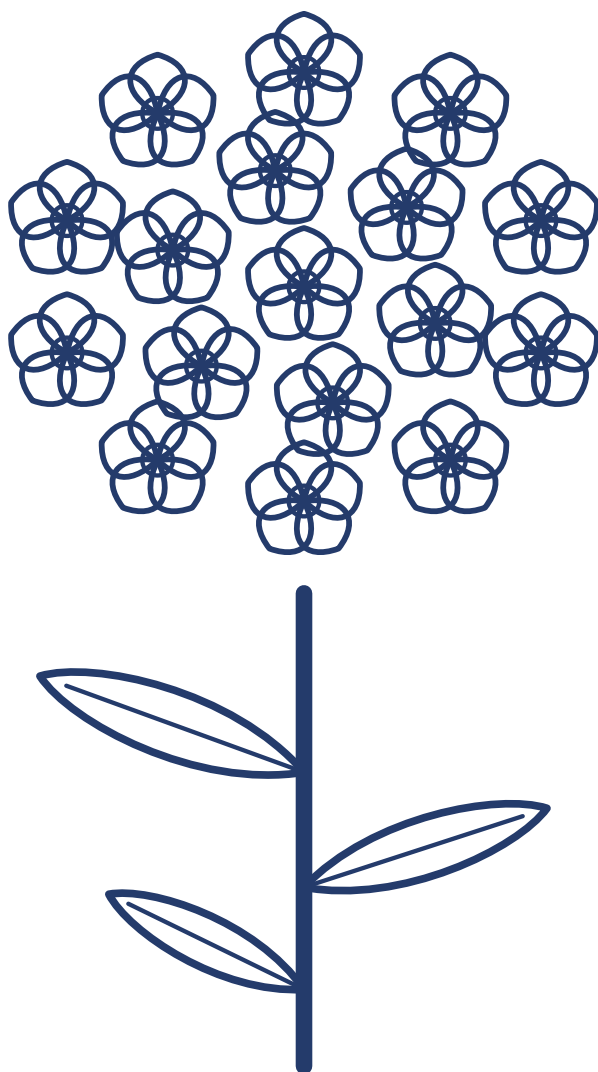

It opens in the late afternoon, which is why it is also called four o'clock.

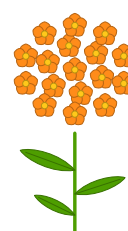

Lantana

Lantana camara

India · Wild sage

REAL COLOURS

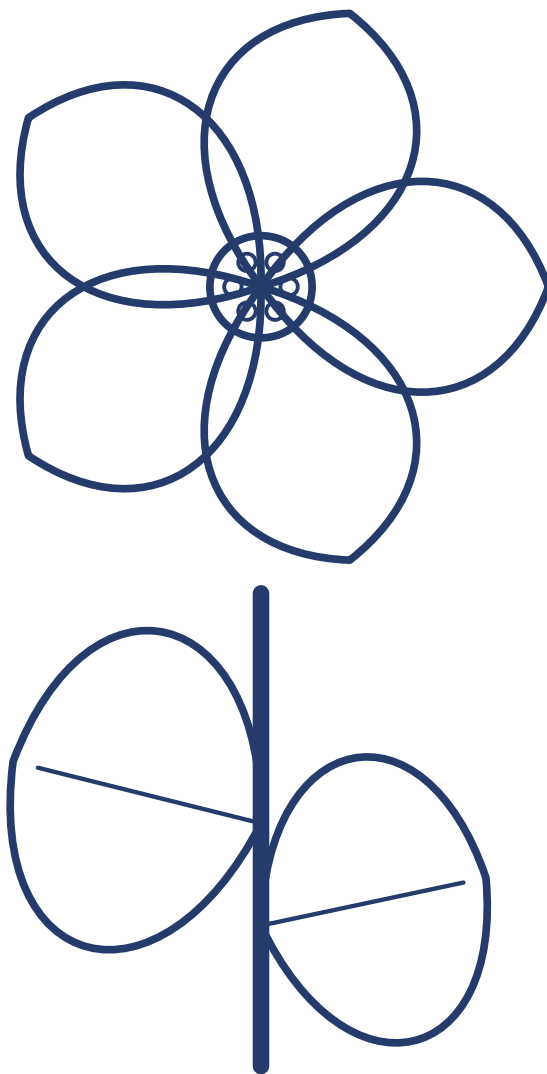

Every little floret in the cluster is a different age, so the colours change as it opens.

Nasturtium

Tropaeolum majus

India · Kitchen garden

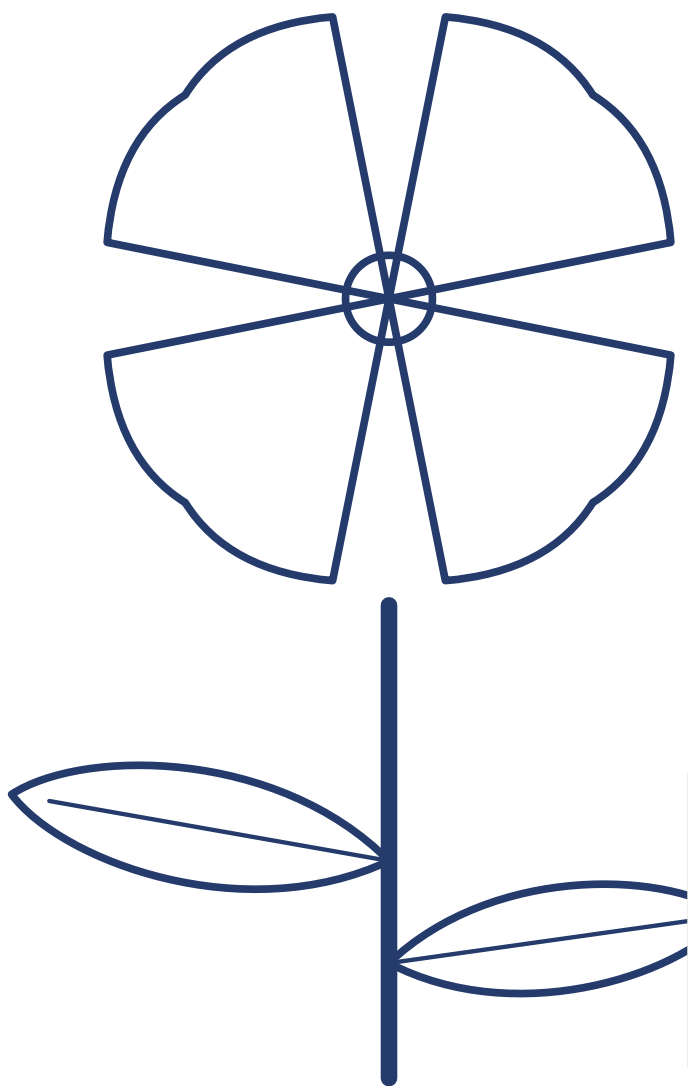

REAL COLOURS

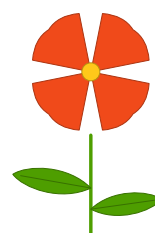

The leaves and flowers are both edible and taste surprisingly peppery.

Canna*Canna indica*

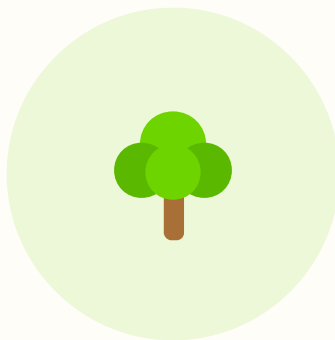

India · Public gardens

REAL COLOURS

Big paddle leaves and flowers like flags. Planted along roads all over India.

INDIAN TREES IN BLOOM

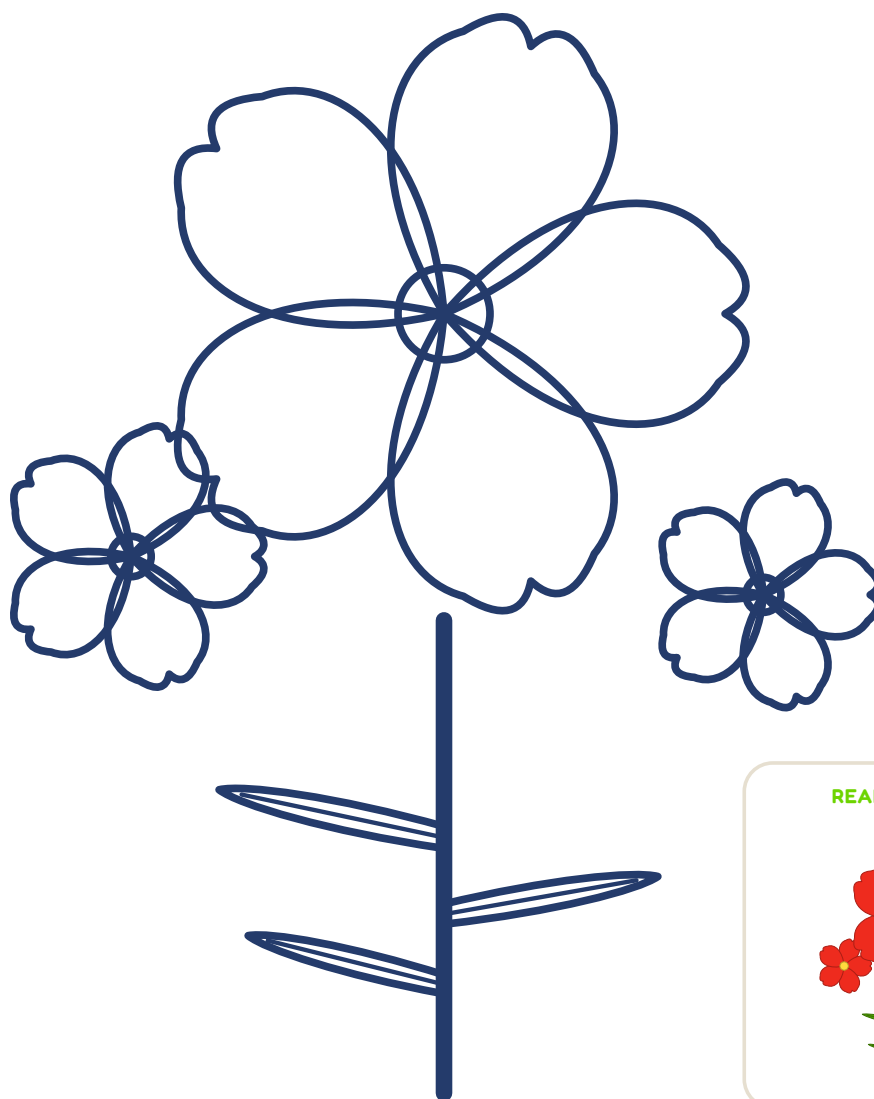

Indian Trees in Bloom

Twelve trees that stop people in the street when they flower. Gulmohar, palash and amaltas turn whole roads red and gold every summer.

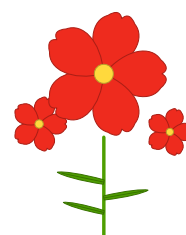

Gulmohar

Delonix regia

India · Flame tree

REAL COLOURS

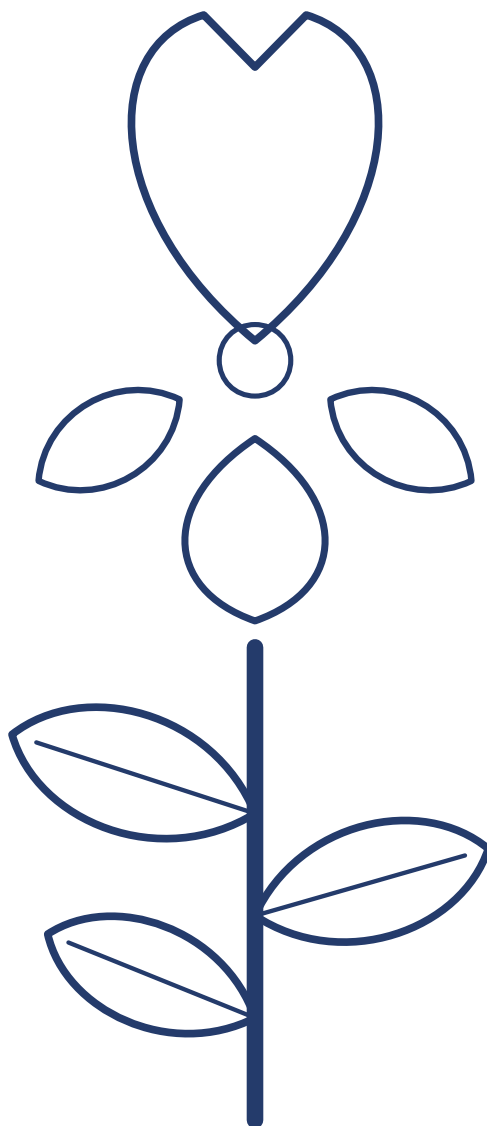

In May the whole tree turns scarlet and you cannot see a single leaf.

Palash

Butea monosperma

India · Flame of the forest

REAL COLOURS

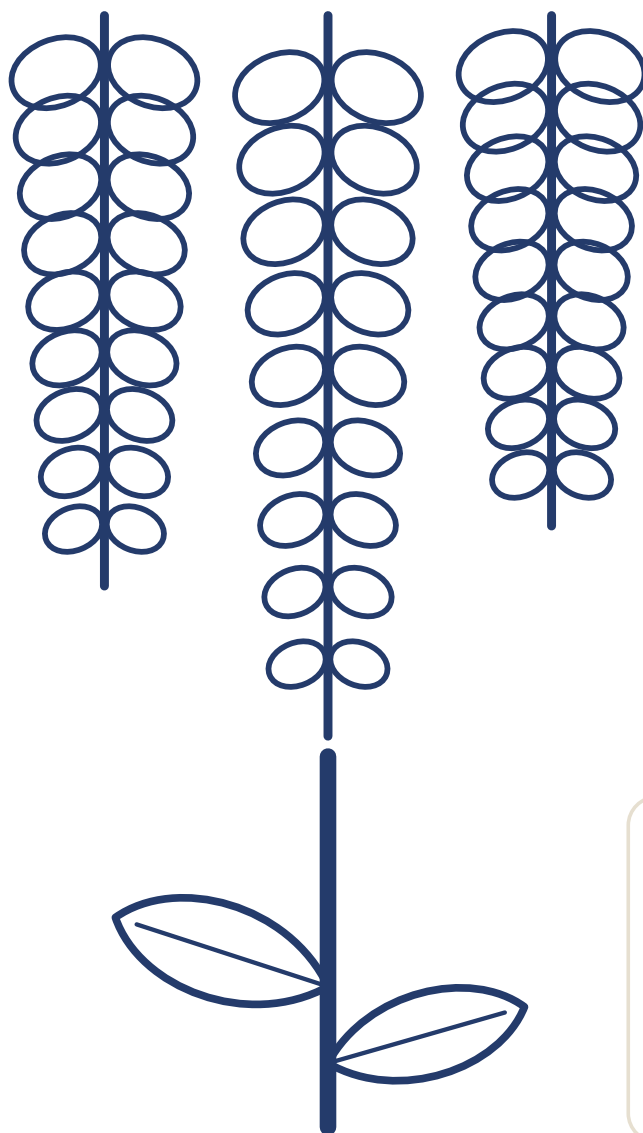

The flowers were once boiled to make the natural orange colour used at Holi.

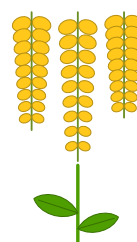

Amaltas

Cassia fistula

India · Golden shower

REAL COLOURS

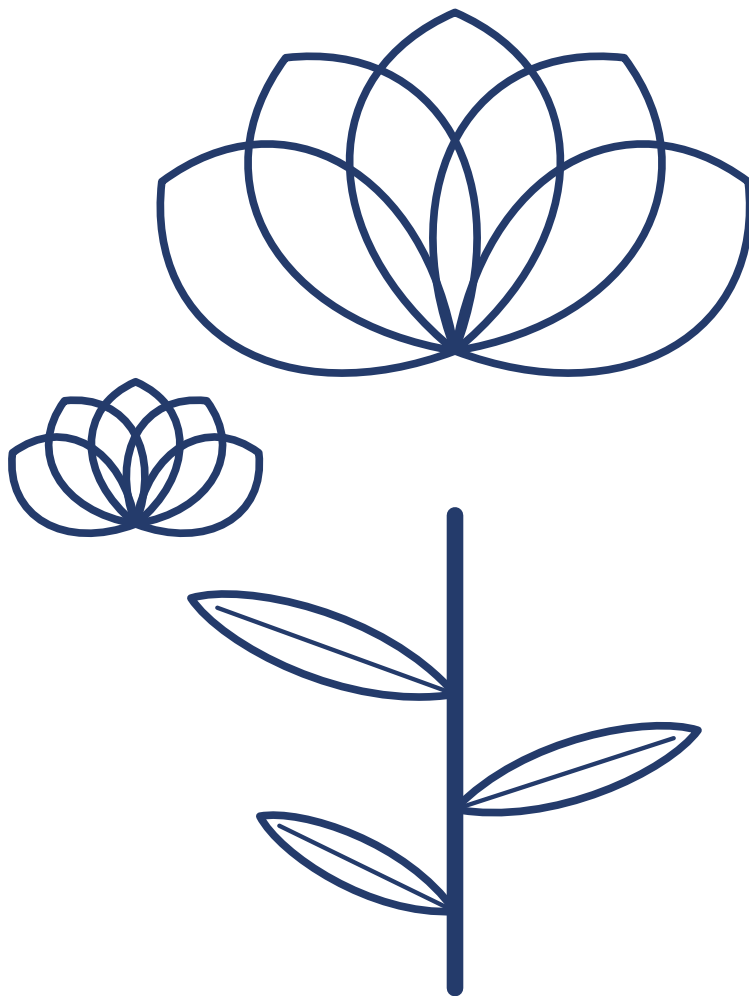

Long chains of yellow flowers hang straight down like bunches of grapes.

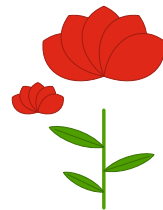

Silk Cotton

Bombax ceiba

India · Semal

REAL COLOURS

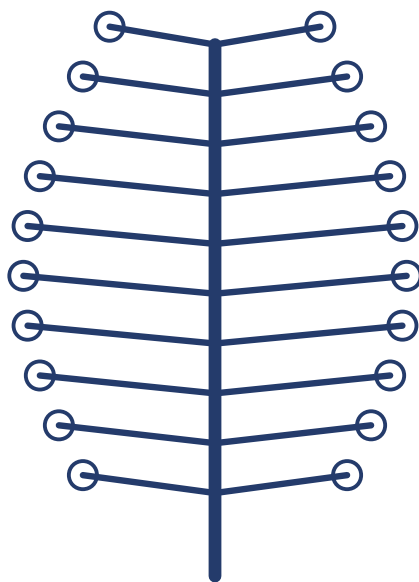

Big red cups full of nectar. Parakeets and mynas queue up for them.

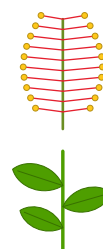

Indian Coral Tree

Erythrina variegata

India · Mandara

REAL COLOURS

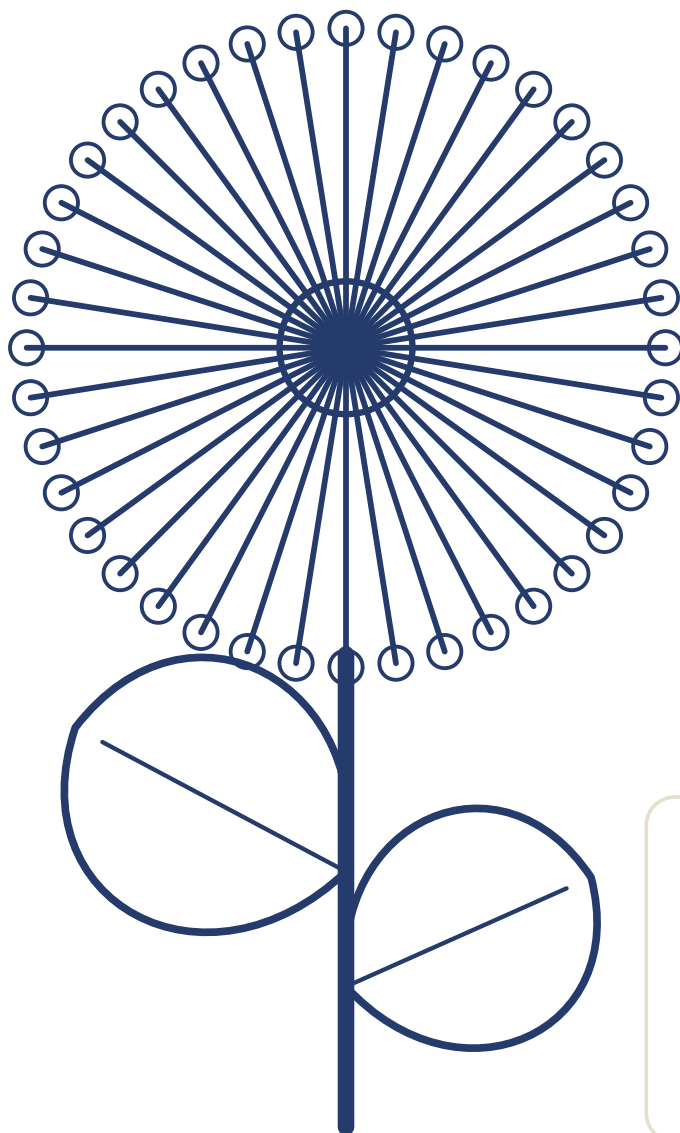

The flowers appear on completely bare branches before any leaf shows up.

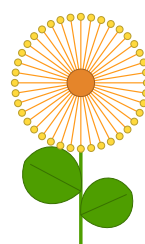

Kadamba

Neolamarckia cadamba

India · Sacred tree

REAL COLOURS

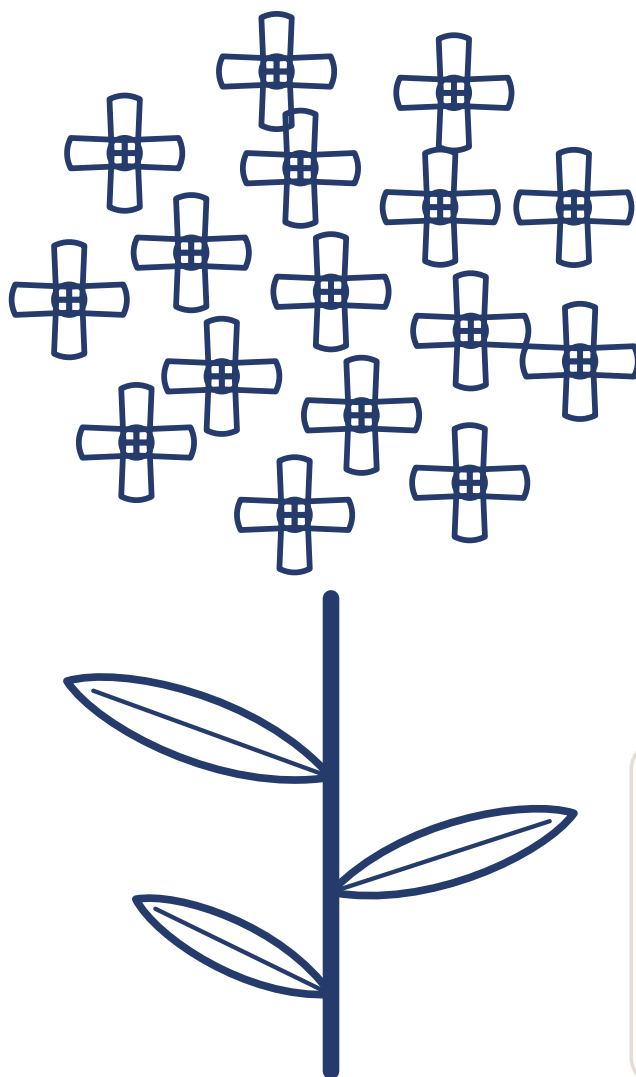

A perfectly round orange ball covered in tiny threads. Unmistakable.

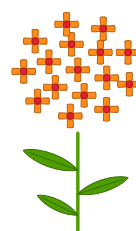

Ashoka

Saraca asoca

India · Sacred tree

REAL COLOURS

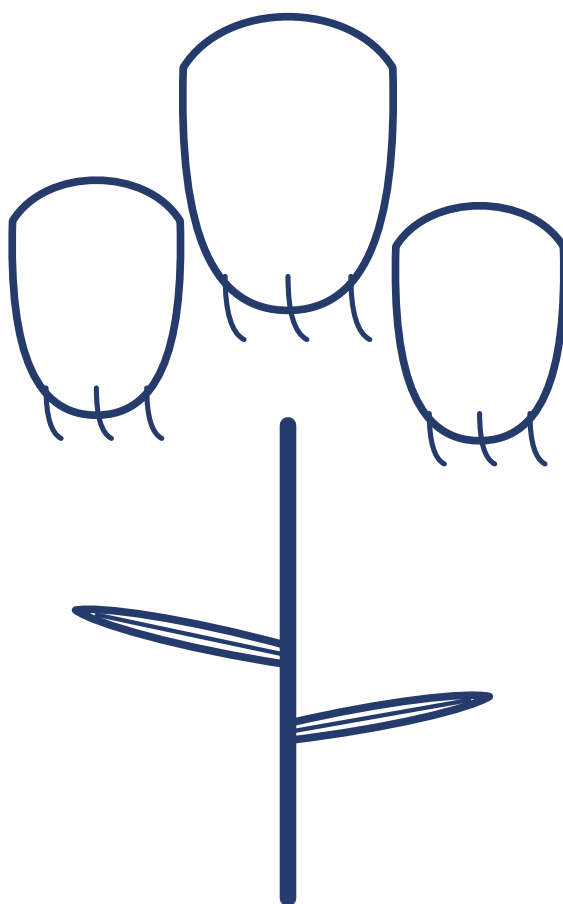

The clusters start yellow and slowly turn deep orange over a few days.

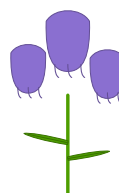

Jacaranda

Jacaranda mimosifolia

Nilgiris and Bengaluru

REAL COLOURS

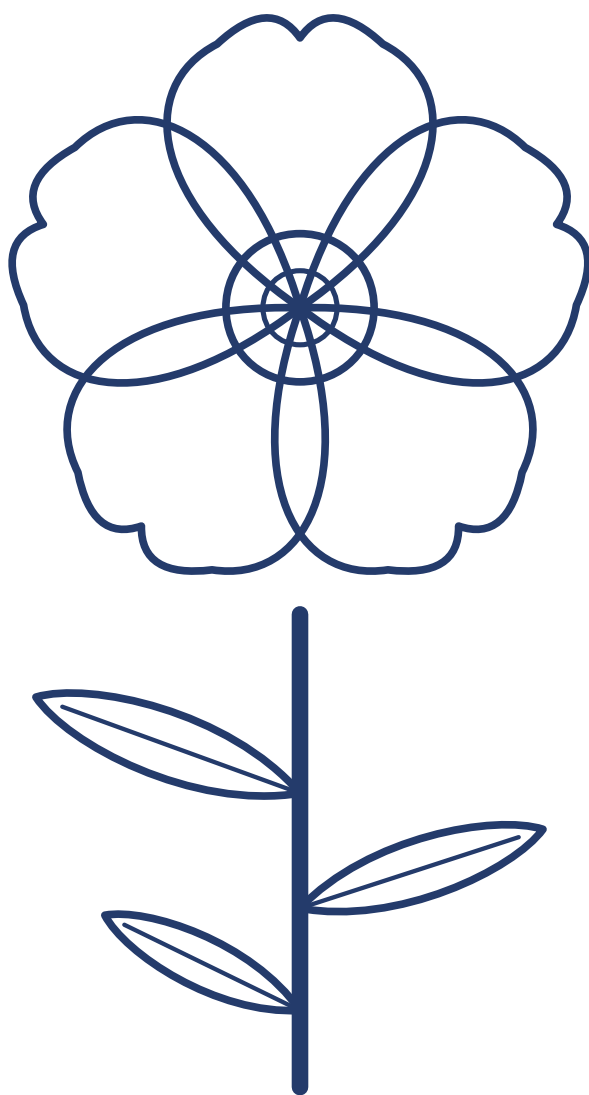

For a few weeks the pavements underneath turn completely purple.

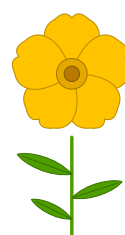

Trumpet Tree

Handroanthus chrysanthus

India · Tabebuia

REAL COLOURS

The tree drops every leaf, then covers itself in yellow trumpets.

Pomegranate Flower

Punica granatum

India · Anar

REAL COLOURS

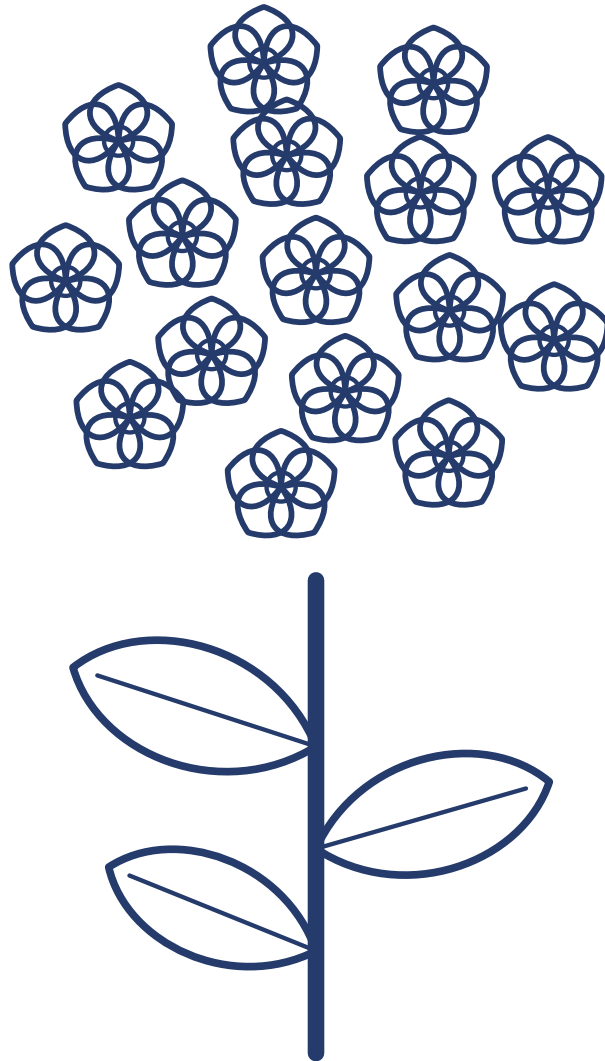

Each flower has a thick waxy cup at the base. That cup becomes the fruit.

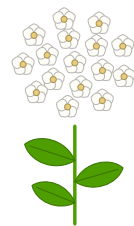

Drumstick Flower

Moringa oleifera

India · Sahjan

REAL COLOURS

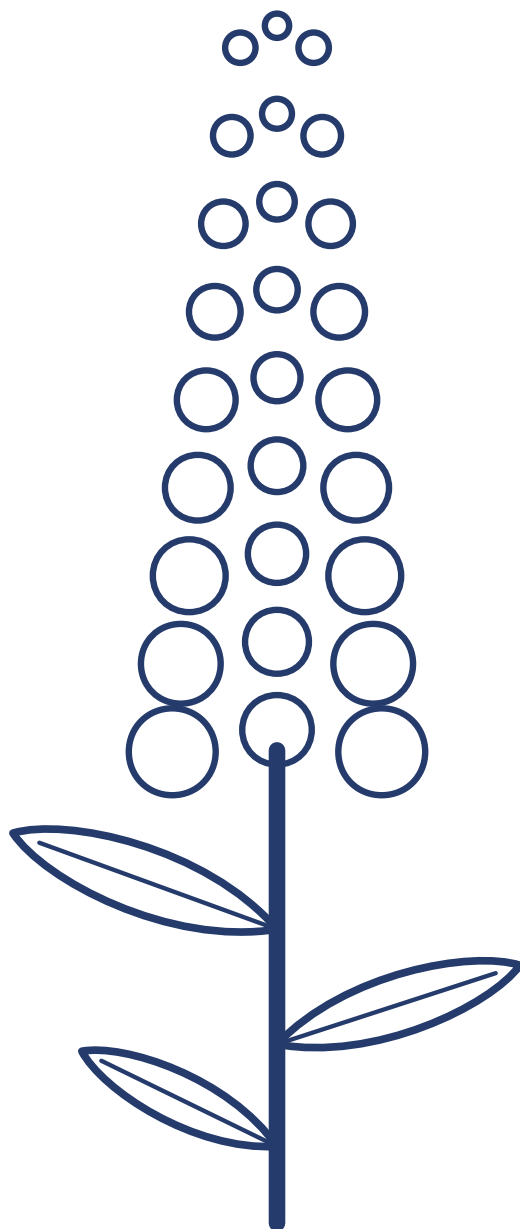

Cooked into sambar in South India. The long pods come from these small flowers.

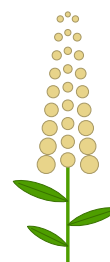

Mango Blossom

Mangifera indica

India · Aam baur

REAL COLOURS

Thousands of tiny flowers on one spray, and only a handful become mangoes.

WILD AND RARE FLOWERS OF INDIA

Wild and Rare Flowers of India

Twelve flowers you have to travel to find: the high Himalaya, the Western Ghats, the orchids of the north east and the saffron of Kashmir.

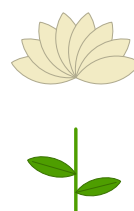

Brahma Kamal

Saussurea obvallata

Himalaya · Uttarakhand

REAL COLOURS

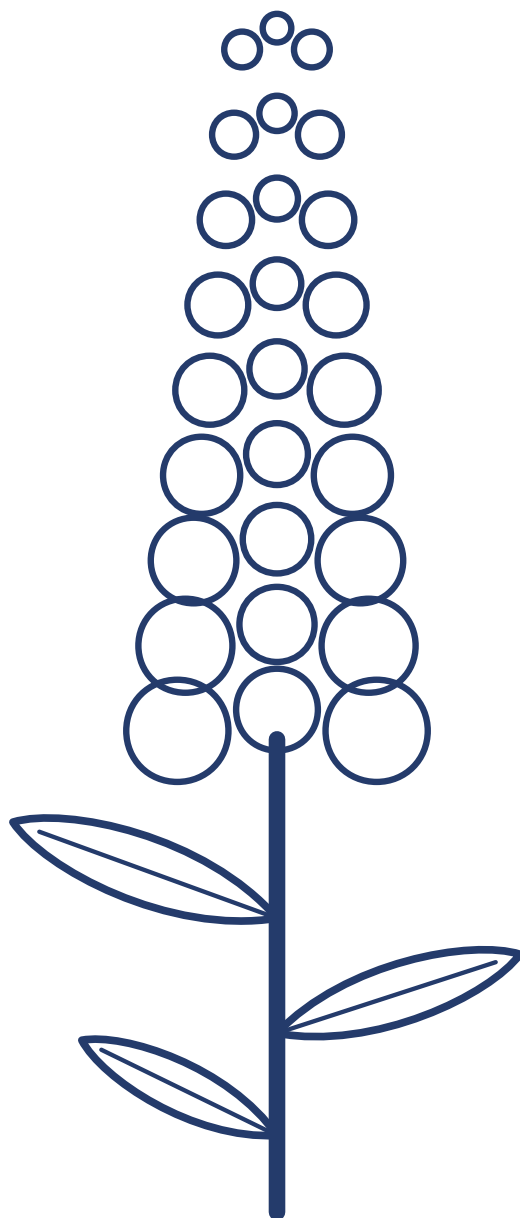

Grows above 4000 metres and opens only at night, once a year.

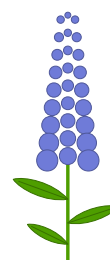

Neelakurinji

Strobilanthes kunthiana

Western Ghats · Kerala

REAL COLOURS

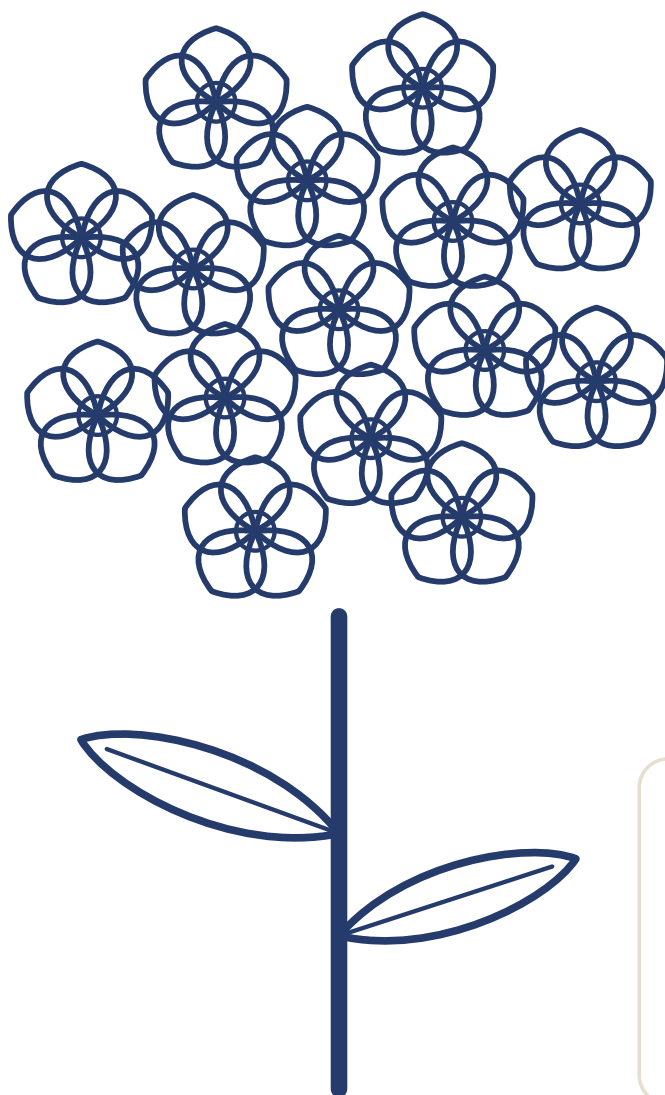

It flowers once every twelve years and turns whole hillsides blue.

Rhododendron

Rhododendron arboreum

Himalaya · Buransh

REAL COLOURS

The state flower of Uttarakhand. The petals are made into a summer drink.

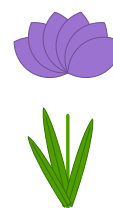

Saffron Crocus

Crocus sativus

Kashmir · Kesar

REAL COLOURS

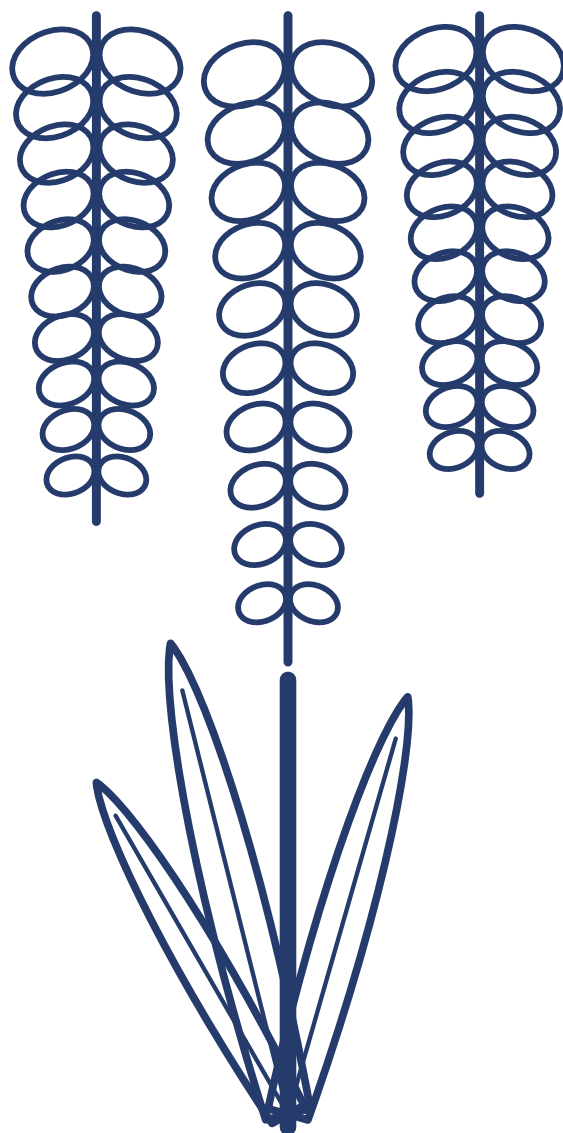

Three red threads inside each flower. It takes 150 flowers to make one gram.

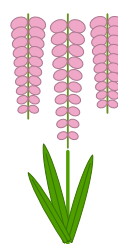

Foxtail Orchid

Rhynchostylis retusa

Assam · Kopou phul

REAL COLOURS

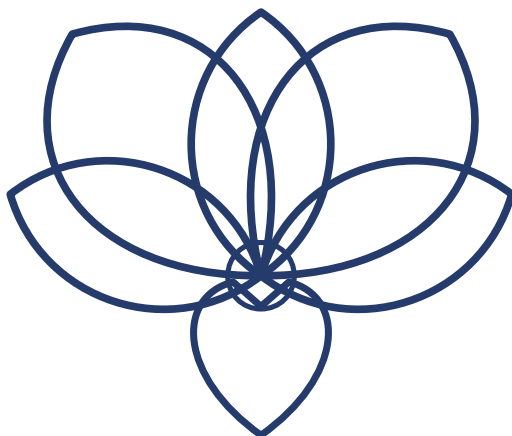

Worn in the hair during Bihu. It hangs from tree branches, not from soil.

Lady Slipper Orchid

Paphiopedilum insigne

North East India

REAL COLOURS

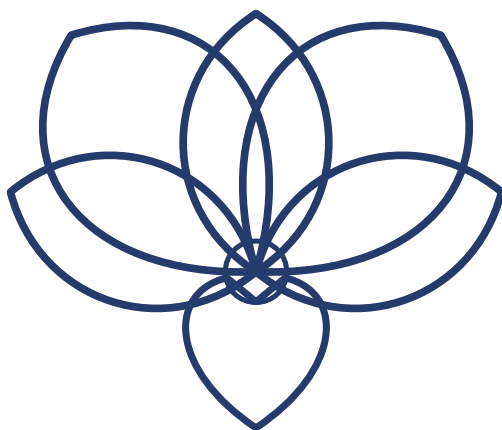

The pouch at the front is a trap. Insects fall in and leave covered in pollen.

Blue Vanda

Vanda coerulea

Meghalaya · Kwer-blei

REAL COLOURS

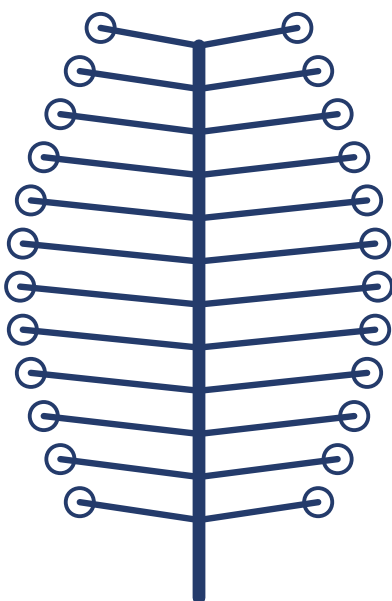

One of very few truly blue orchids anywhere in the world.

Screw Pine

Pandanus odorifer

Coastal India · Kewra

REAL COLOURS

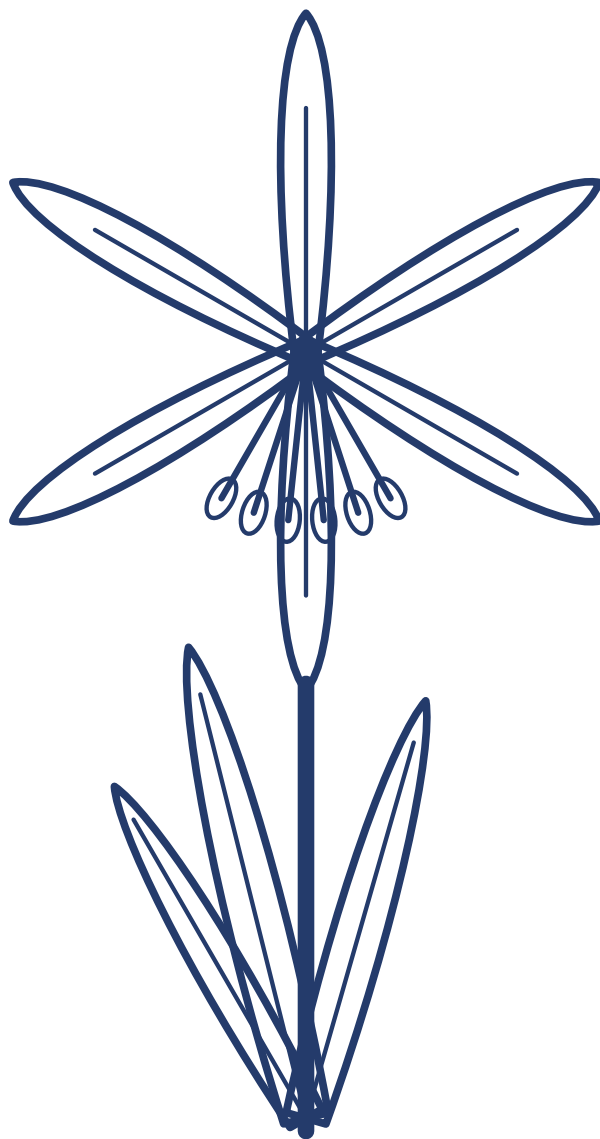

Distilled into kewra water, the scent in biryani and rasmalai.

Flame Lily

Gloriosa superba

Tamil Nadu · State flower

REAL COLOURS

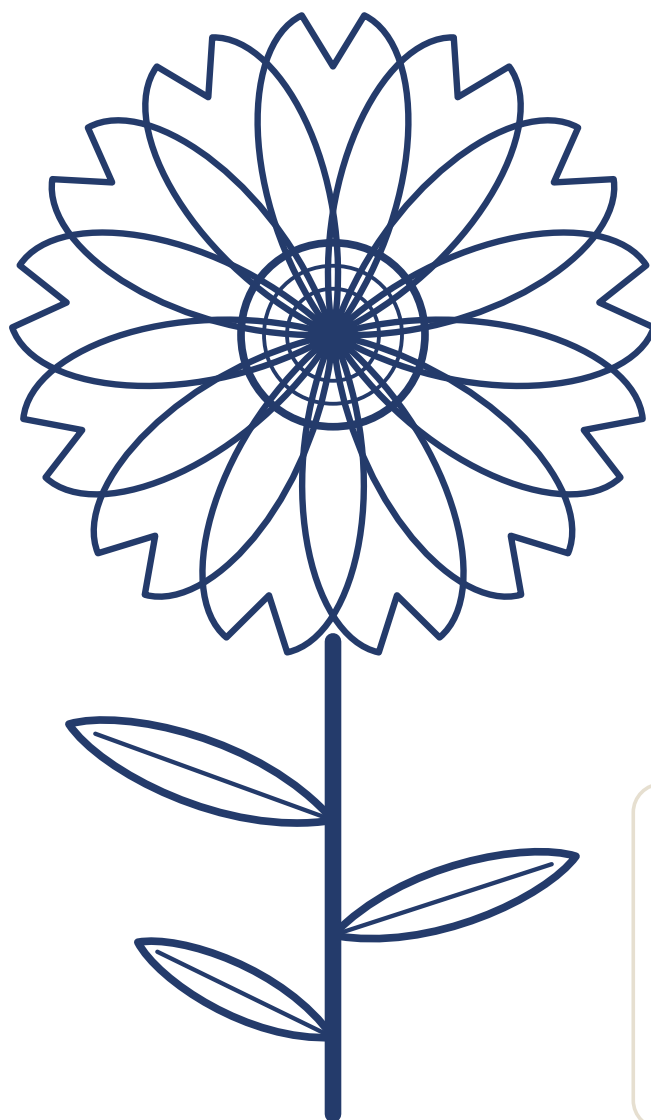

The petals bend backwards so far that the flower looks like it is on fire.

Indian Blanket Flower

Gaillardia pulchella

Dry plains of India

REAL COLOURS

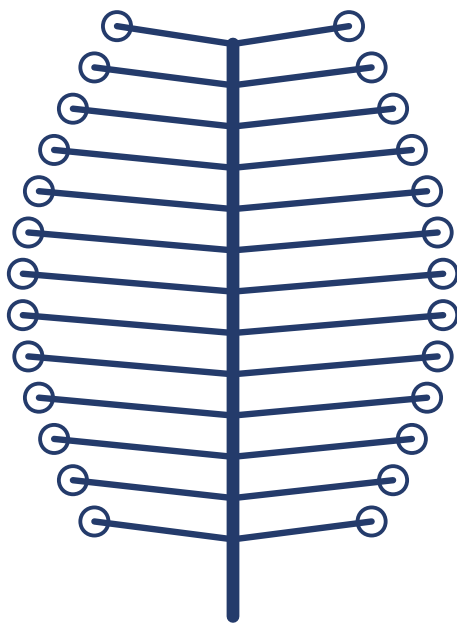

Two colours in one flower: red at the base of each petal, yellow at the tip.

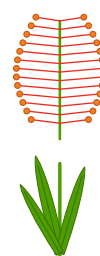

Firecracker Flower

Russelia equisetiformis

Indian gardens

REAL COLOURS

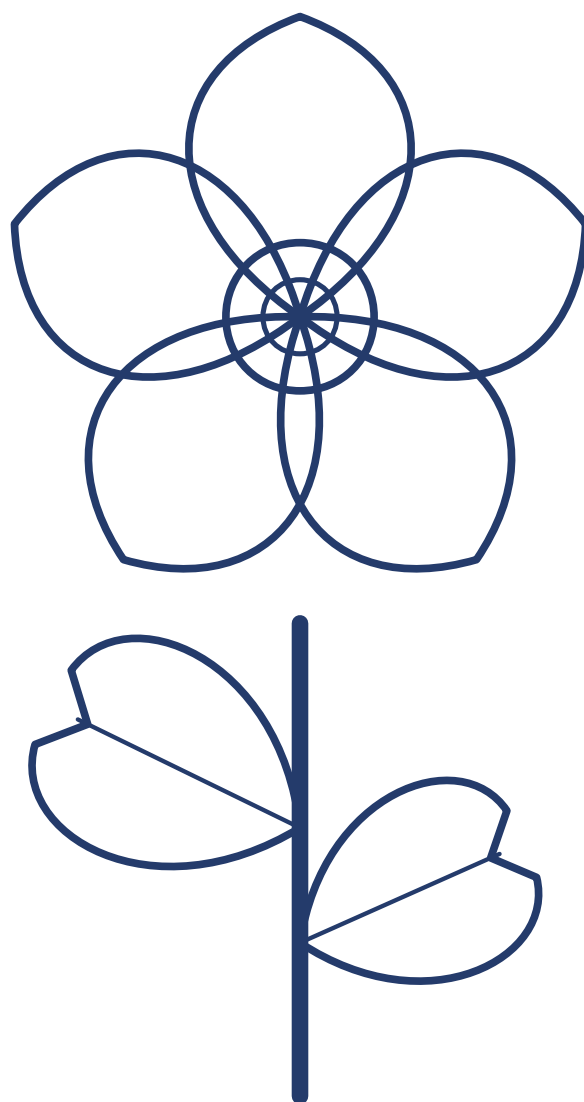

Long thin red tubes that spray outwards like a sparkler.

Cotton Flower

Gossypium herbaceum

Gujarat and Maharashtra

REAL COLOURS

Creamy yellow on the first day, pink on the second, then it becomes cotton.

FLOWERS OF EUROPE

Flowers of Europe

Fourteen flowers from Europe, from Dutch tulips and English roses to the edelweiss that grows on Alpine rock ledges.

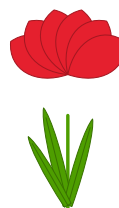

Tulip

Tulipa gesneriana

Netherlands

REAL COLOURS

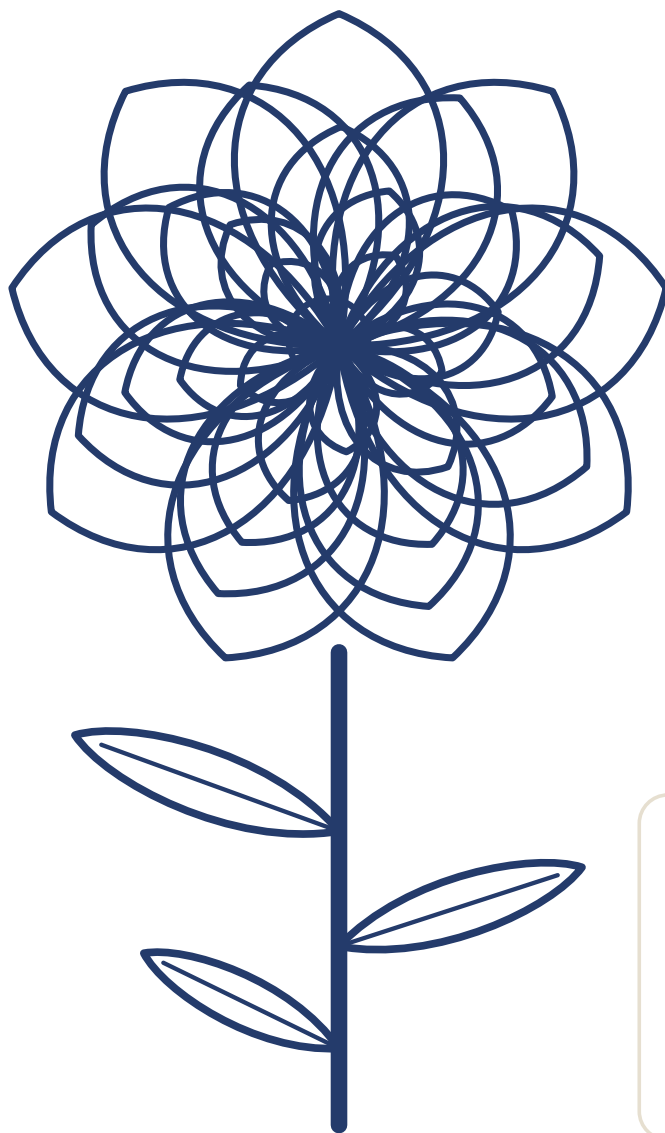

In the 1630s a single tulip bulb could cost more than a house in Amsterdam.

Rose of England

Rosa gallica

England

REAL COLOURS

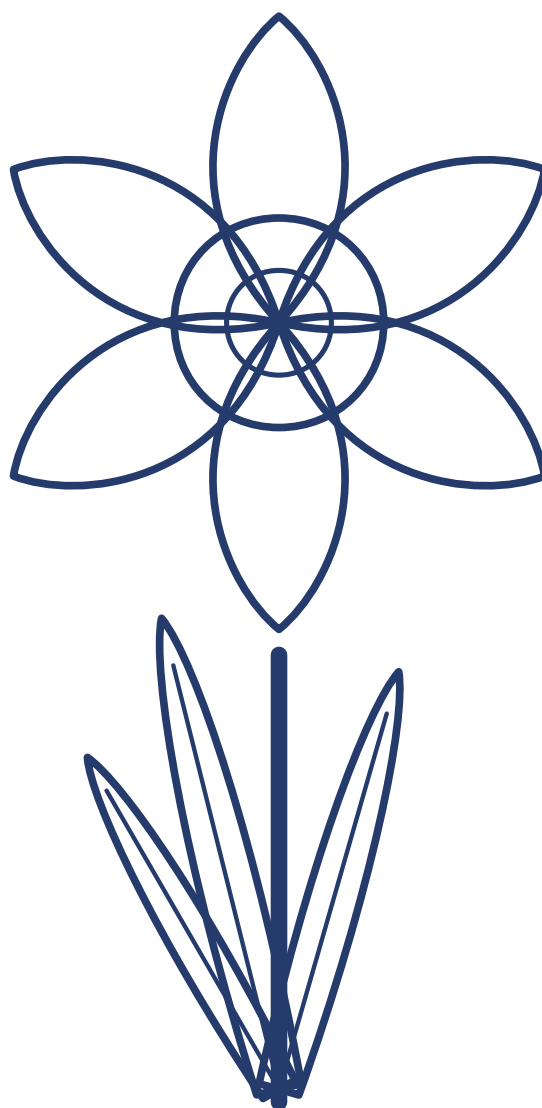

The red rose has been the badge of England for more than five hundred years.

Daffodil

Narcissus pseudonarcissus

Wales and Britain

REAL COLOURS

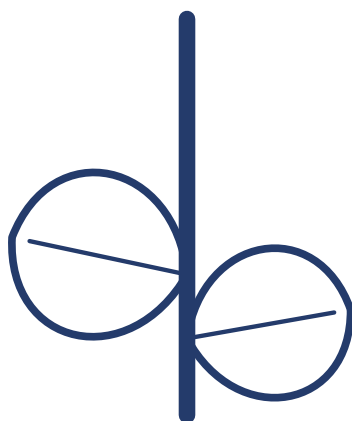

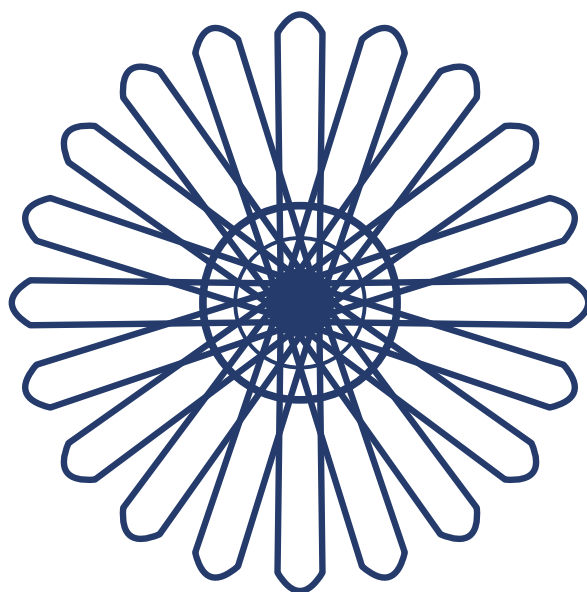

The trumpet in the middle is one single petal, curled into a tube.

Daisy

Bellis perennis

Across Europe

REAL COLOURS

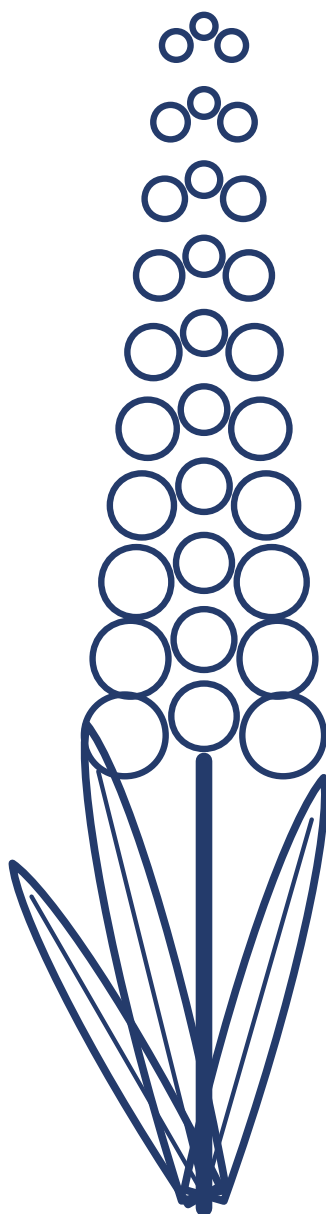

The name comes from day's eye, because it closes up at night.

Lavender

Lavandula angustifolia

France

REAL COLOURS

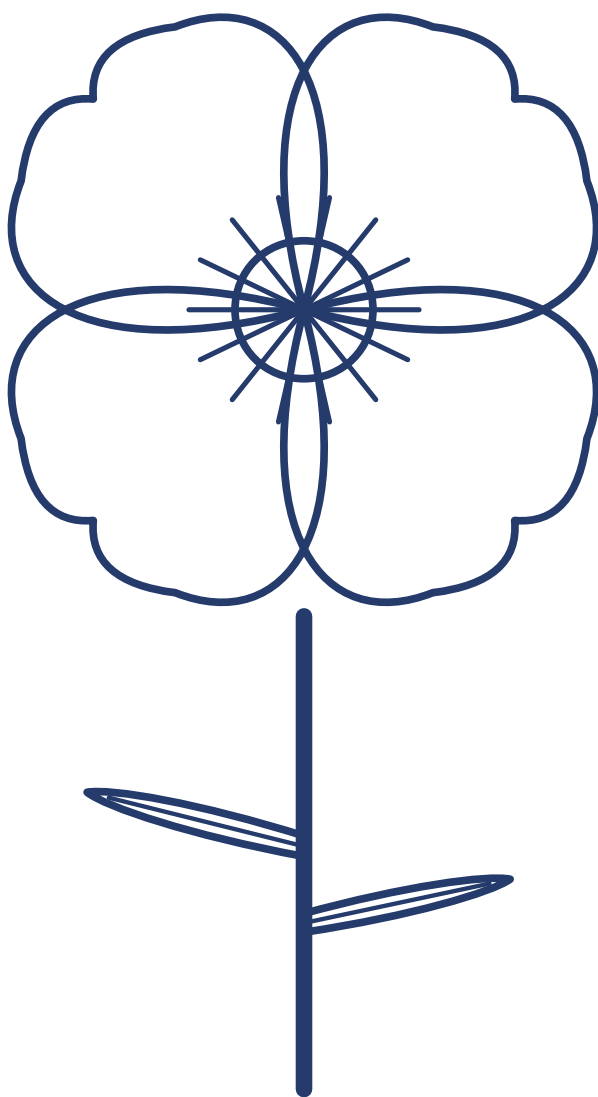

Whole fields of it in Provence, and the smell reaches you before you arrive.

Poppy

Papaver rhoeas

Europe · Remembrance

REAL COLOURS

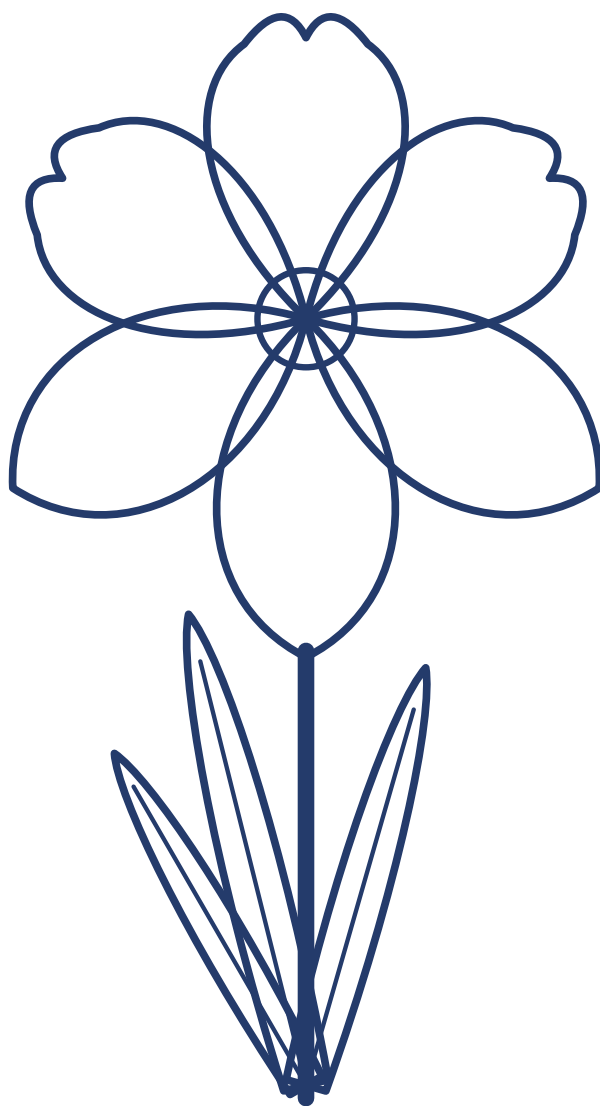

It grows best on churned up ground, which is why it covered the fields after the war.

Iris

Iris germanica

France · Fleur de lis

REAL COLOURS

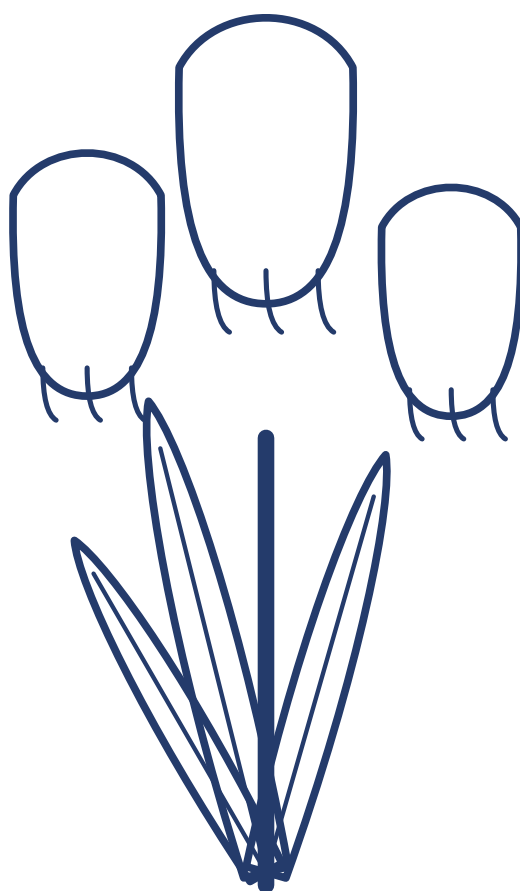

Three petals stand up and three hang down. The pattern became a royal symbol.

Bluebell

Hyacinthoides non-scripta

British woodlands

REAL COLOURS

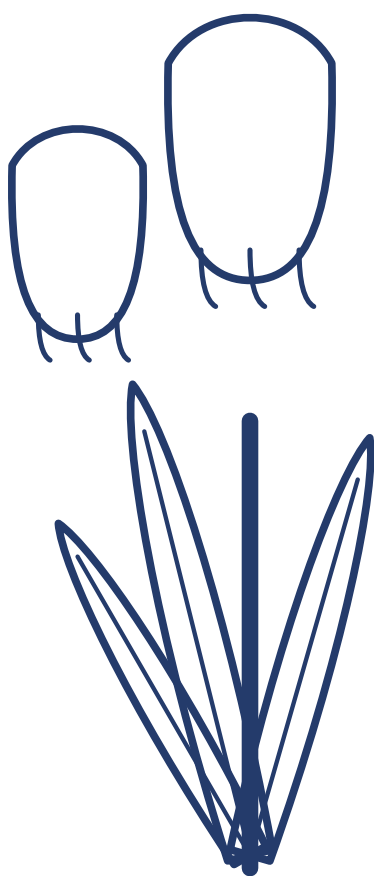

In late April an entire wood can turn blue in the space of a week.

Snowdrop

Galanthus nivalis

Northern Europe

REAL COLOURS

It pushes up through snow. The tips of the leaves are hardened to break the crust.

Sunflower of Ukraine

Helianthus annuus

Ukraine · National flower

REAL COLOURS

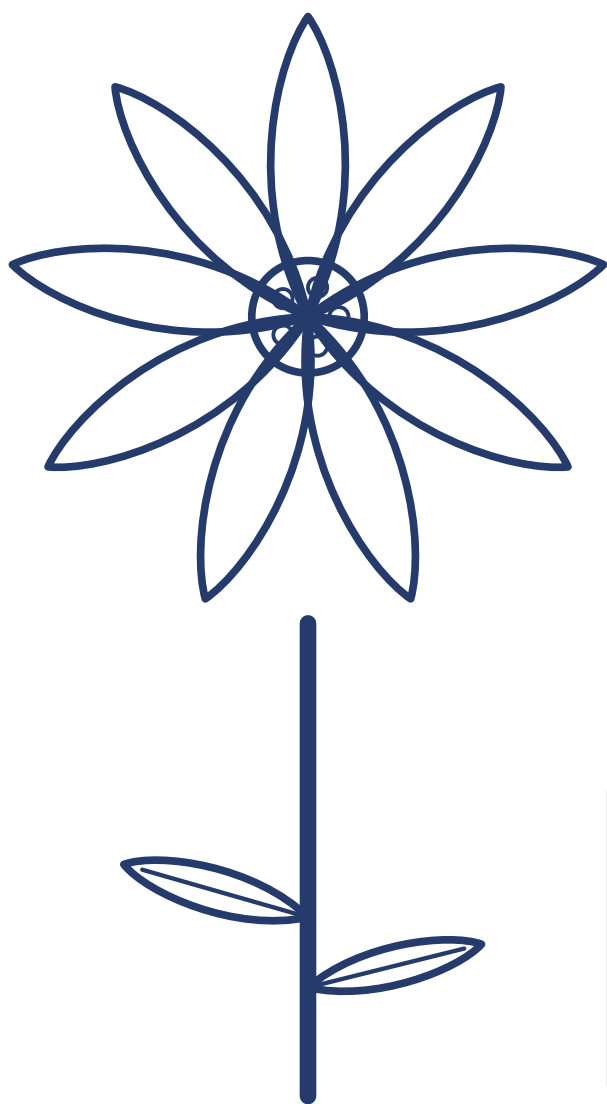

Ukraine grows more sunflower seed than anywhere else on earth.

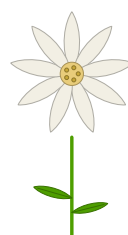

Edelweiss

Leontopodium alpinum

The Alps

REAL COLOURS

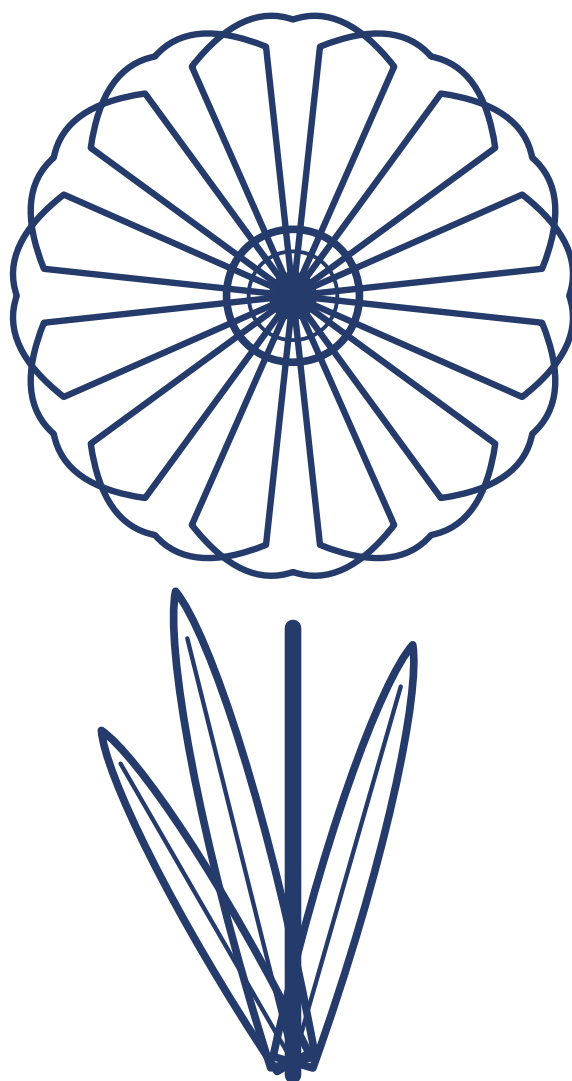

It grows on high rocky ledges. The white parts are furry leaves, not petals.

Cornflower

Centaurea cyanus

Germany · Kornblume

REAL COLOURS

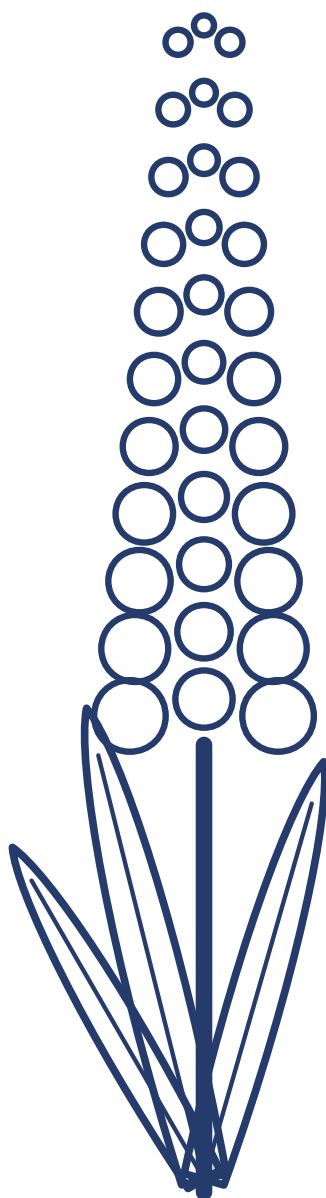

Once a weed in every wheat field, now planted on purpose because it got so rare.

Heather

Calluna vulgaris

Scotland

REAL COLOURS

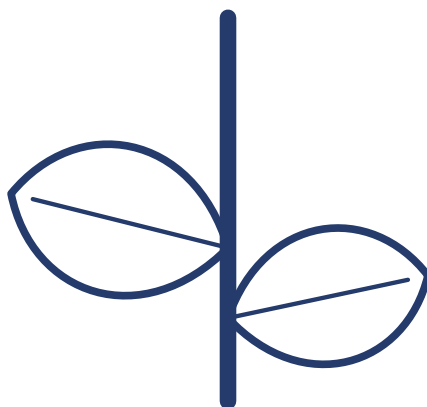

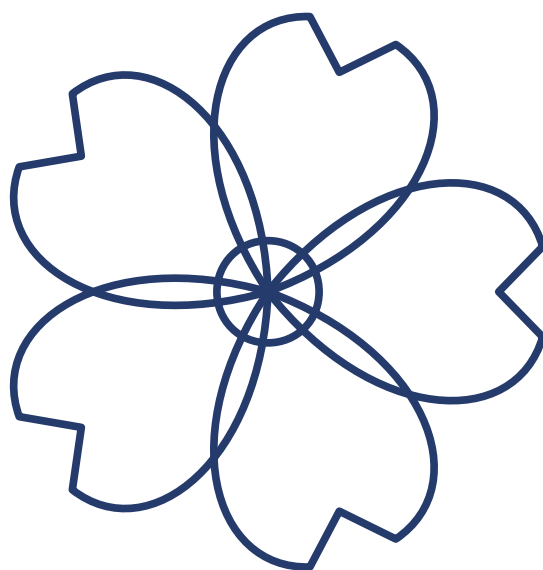

It turns whole hillsides purple in August. White heather is said to be lucky.

Primrose

Primula vulgaris

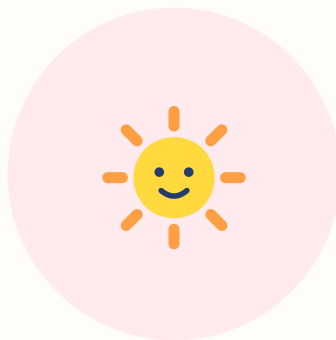

British hedgerows

REAL COLOURS

Prima rosa means first rose. It is one of the earliest flowers of spring.

FLOWERS OF ASIA

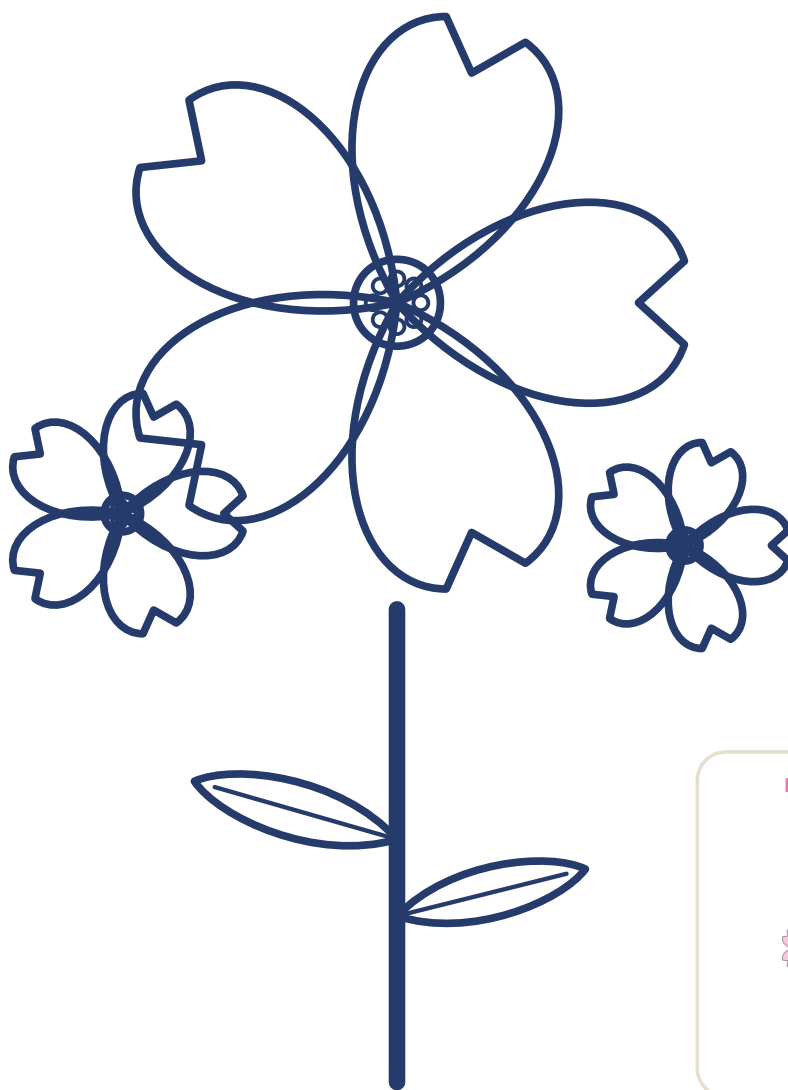

Flowers of Asia

Twelve flowers from across Asia, including cherry blossom, wisteria and the largest single flower in the world.

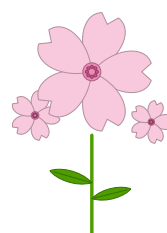

Cherry Blossom

Prunus serrulata

Japan · Sakura

REAL COLOURS

The whole country tracks the blossom front as it moves north each spring.

Chrysanthemum of Japan

Chrysanthemum morifolium

Japan · Kiku

REAL COLOURS

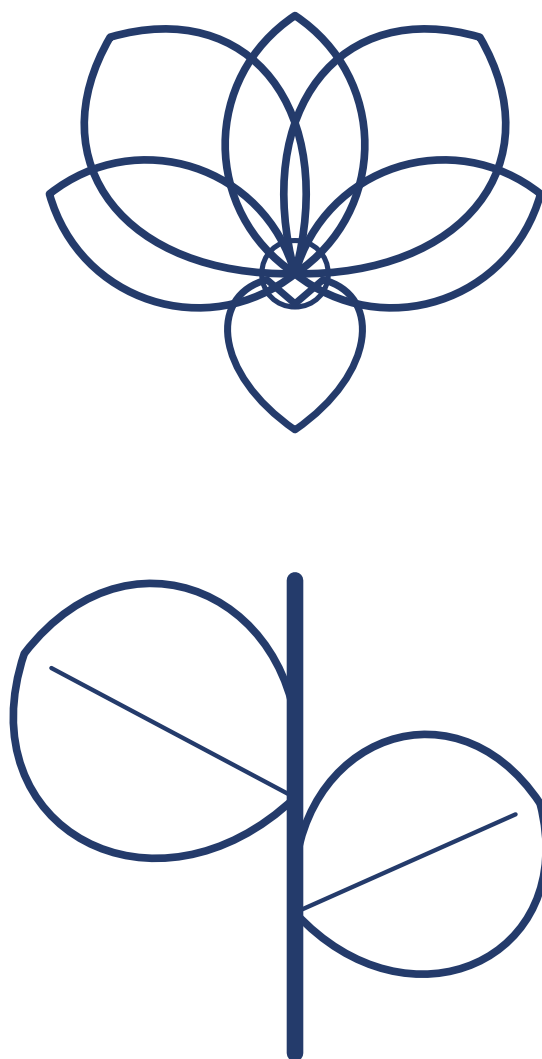

The imperial seal of Japan is a chrysanthemum with sixteen petals.

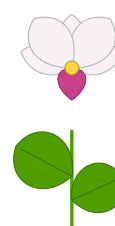

Moth Orchid

Phalaenopsis amabilis

Indonesia · National flower

REAL COLOURS

One spike can carry flowers for three months without stopping.

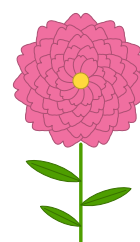

Peony

Paeonia lactiflora

China · King of flowers

REAL COLOURS

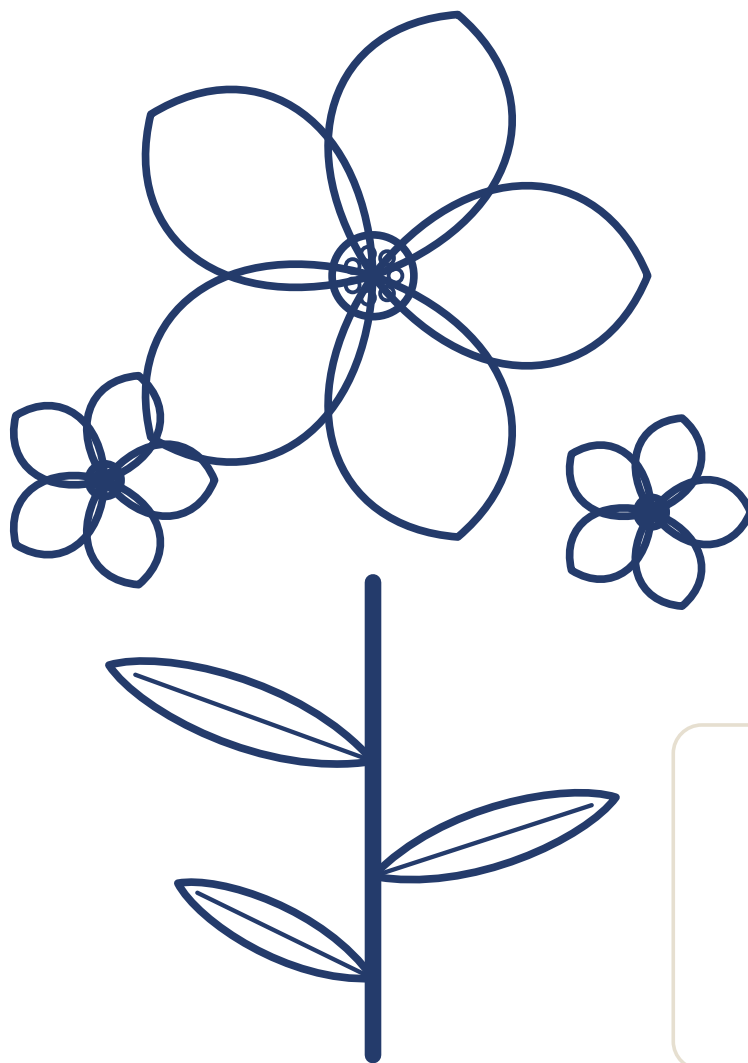

Grown in Chinese gardens for more than two thousand years.

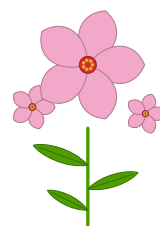

Plum Blossom

Prunus mume

China · Meihua

REAL COLOURS

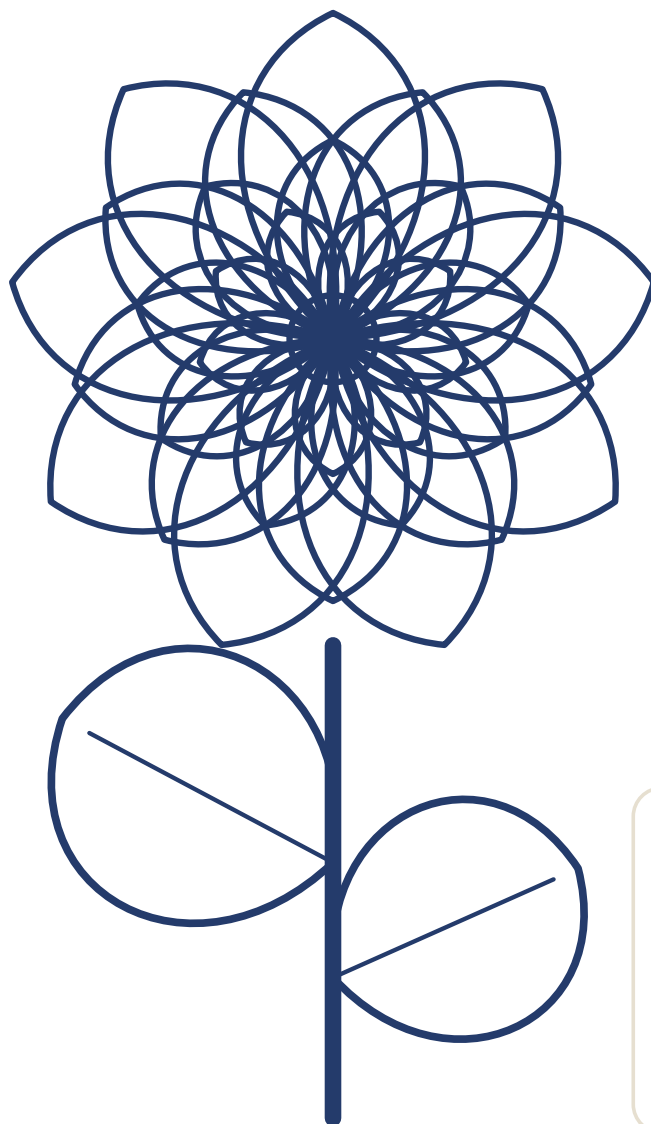

It flowers in the middle of winter, which is why it stands for courage.

Camellia

Camellia japonica

China and Japan

REAL COLOURS

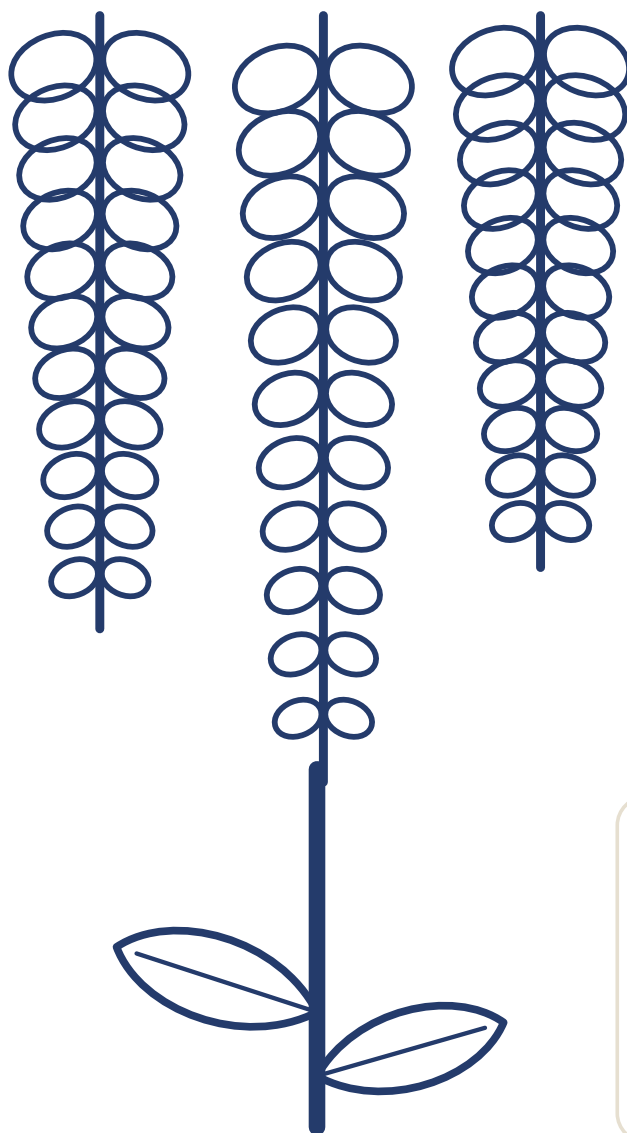

The leaves of a close relative are picked and dried to make tea.

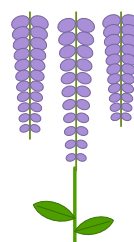

Wisteria

Wisteria floribunda

Japan · Fuji

REAL COLOURS

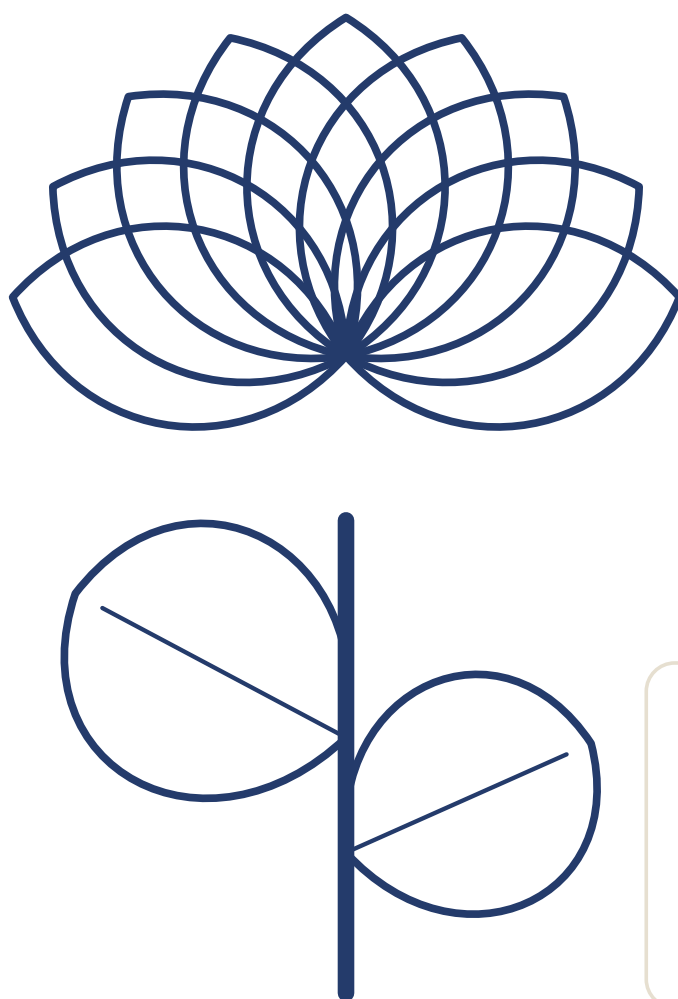

The oldest known plant is over a thousand years old and still flowers.

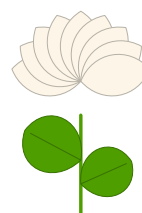

Magnolia

Magnolia grandiflora

East Asia

REAL COLOURS

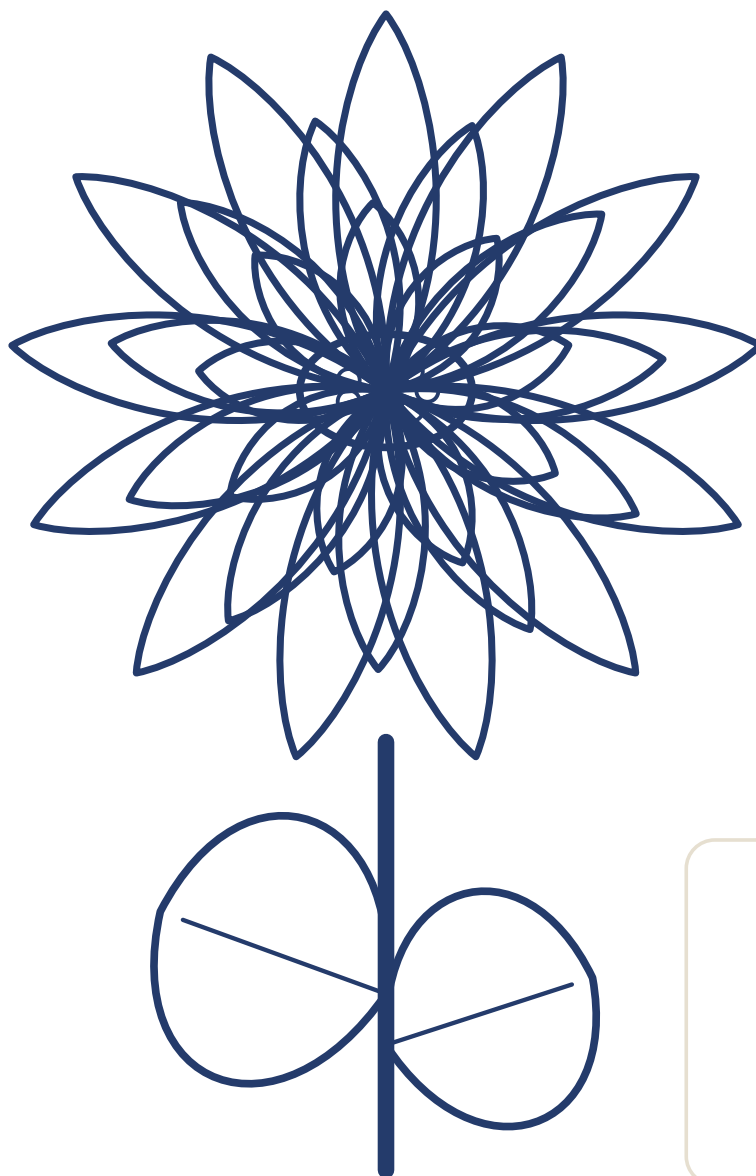

Magnolias appeared before bees existed, so beetles pollinate them instead.

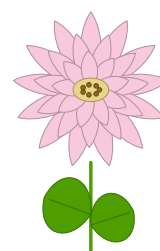

Lotus of Vietnam

Nelumbo nucifera

Vietnam · National flower

REAL COLOURS

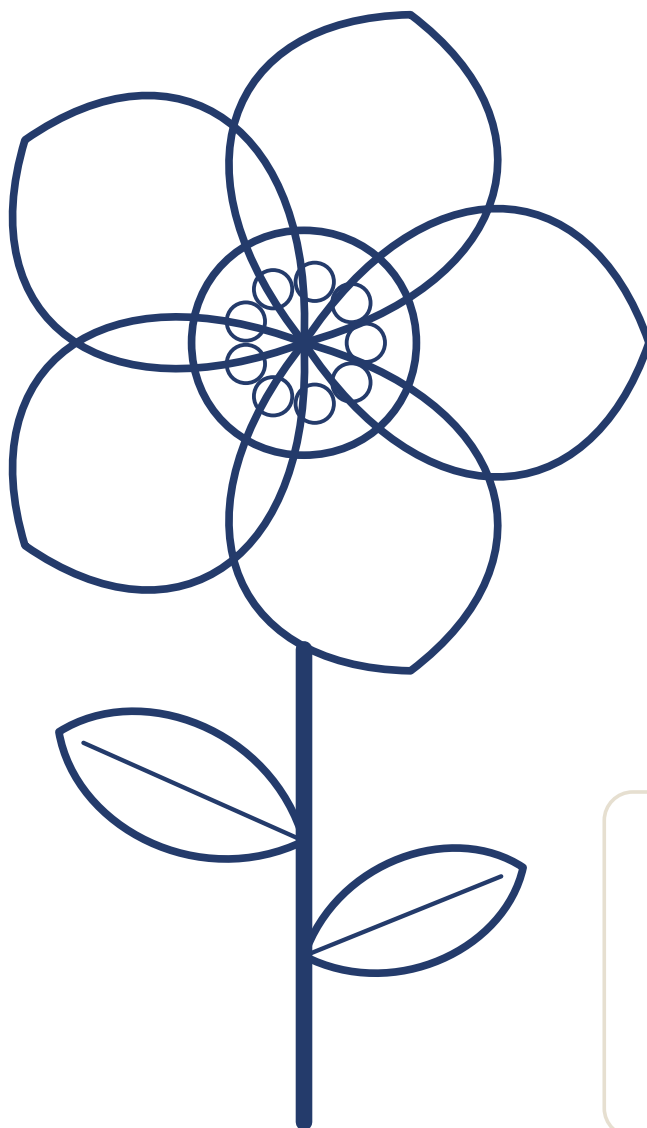

The seeds can sprout after more than a thousand years in the mud.

Rafflesia

Rafflesia arnoldii

Indonesia · Corpse flower

REAL COLOURS

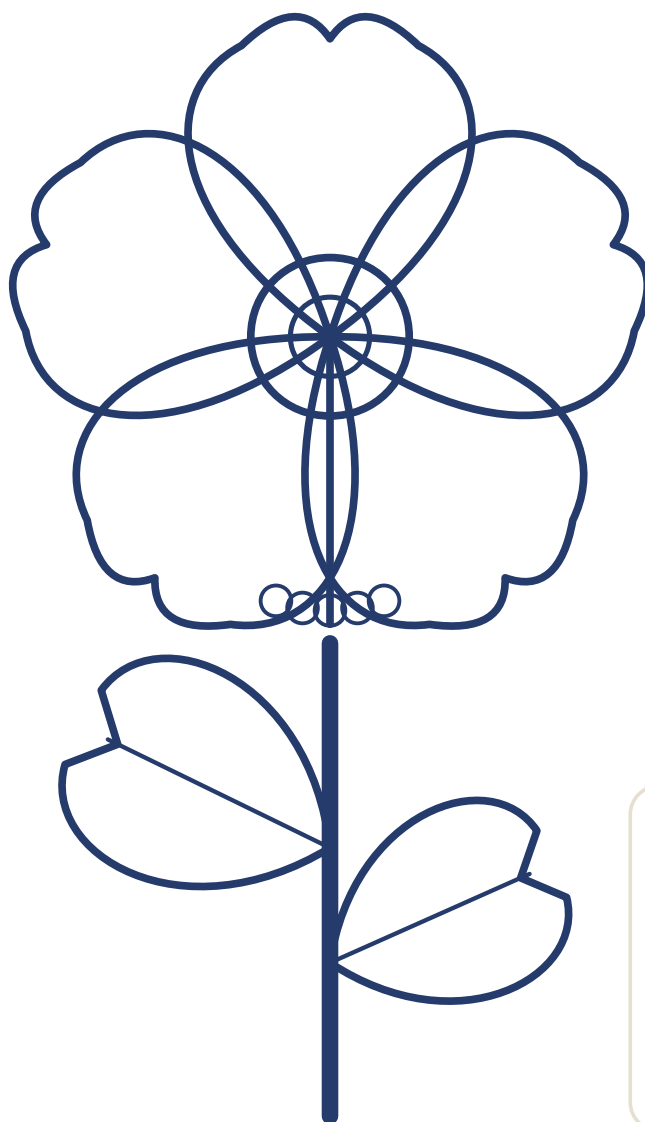

The biggest single flower on earth, nearly a metre across, and it smells terrible.

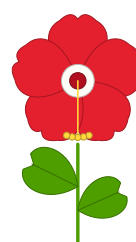

Hibiscus of Malaysia

Hibiscus rosa-sinensis

Malaysia · Bunga raya

REAL COLOURS

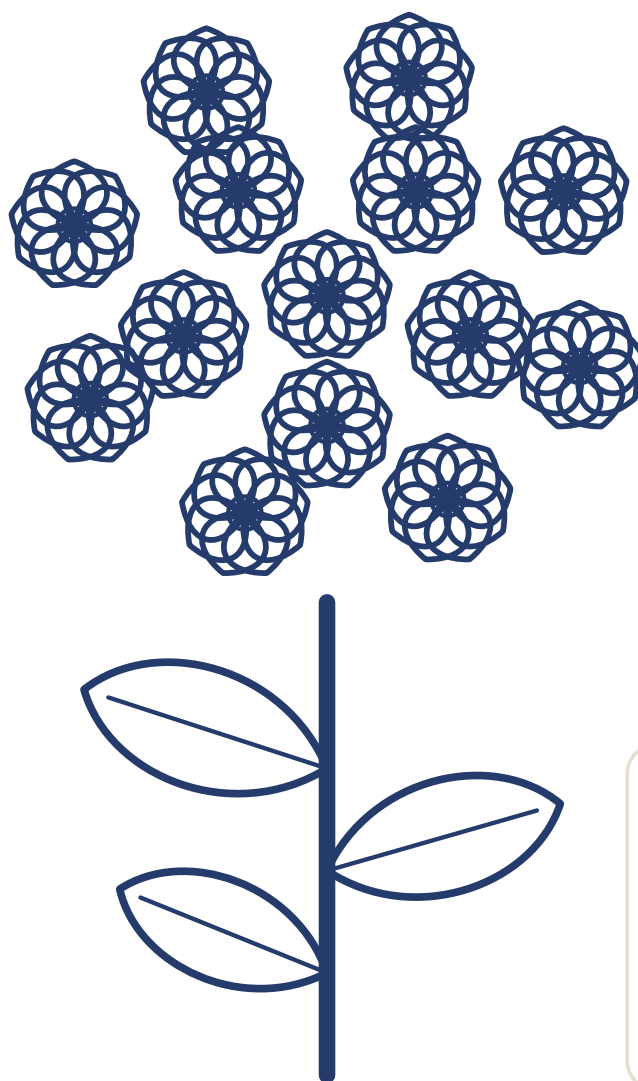

The five petals stand for the five principles of the nation.

Jasmine of the Philippines

Jasminum sambac

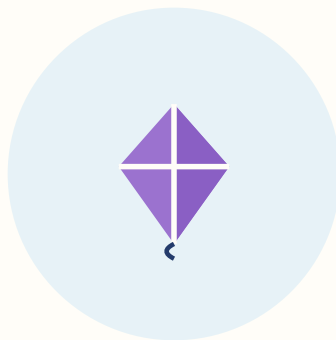

Philippines · Sampaguita

REAL COLOURS

Strung into garlands and hung around the necks of guests.

FLOWERS OF THE AMERICAS

Flowers of the Americas

Twelve flowers from North and South America, where dahlias, sunflowers and passion flowers all come from originally.

Dahlia of Mexico

Dahlia coccinea

Mexico · National flower

REAL COLOURS

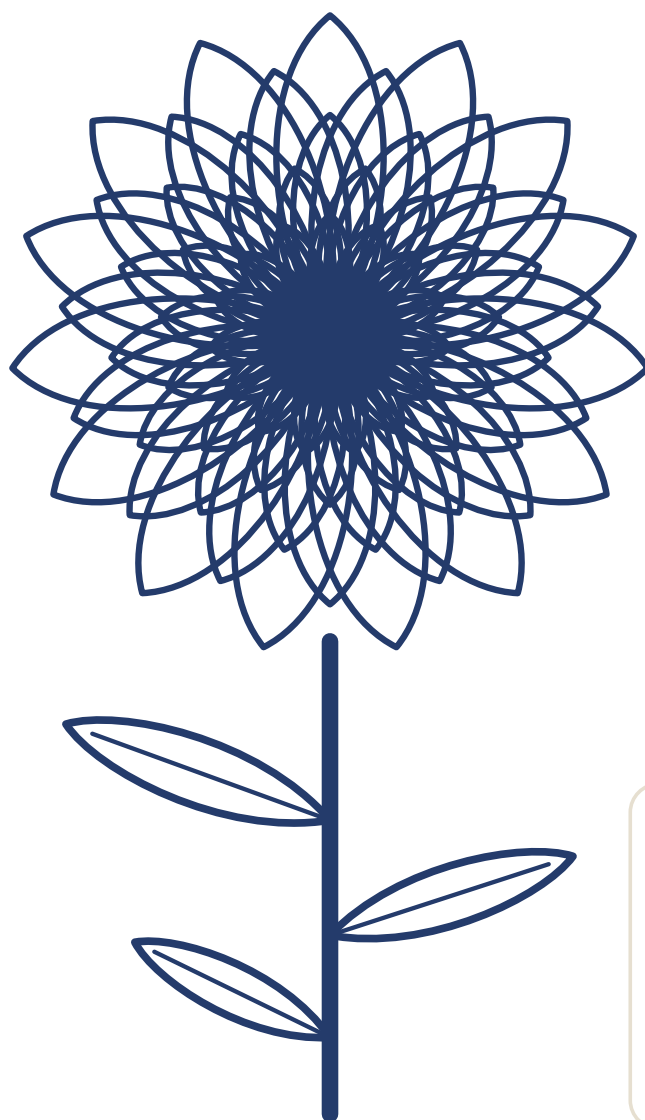

The Aztecs grew dahlias long before anyone in Europe had seen one.

Marigold of the Dead

Tagetes erecta

Mexico · Cempasúchil

REAL COLOURS

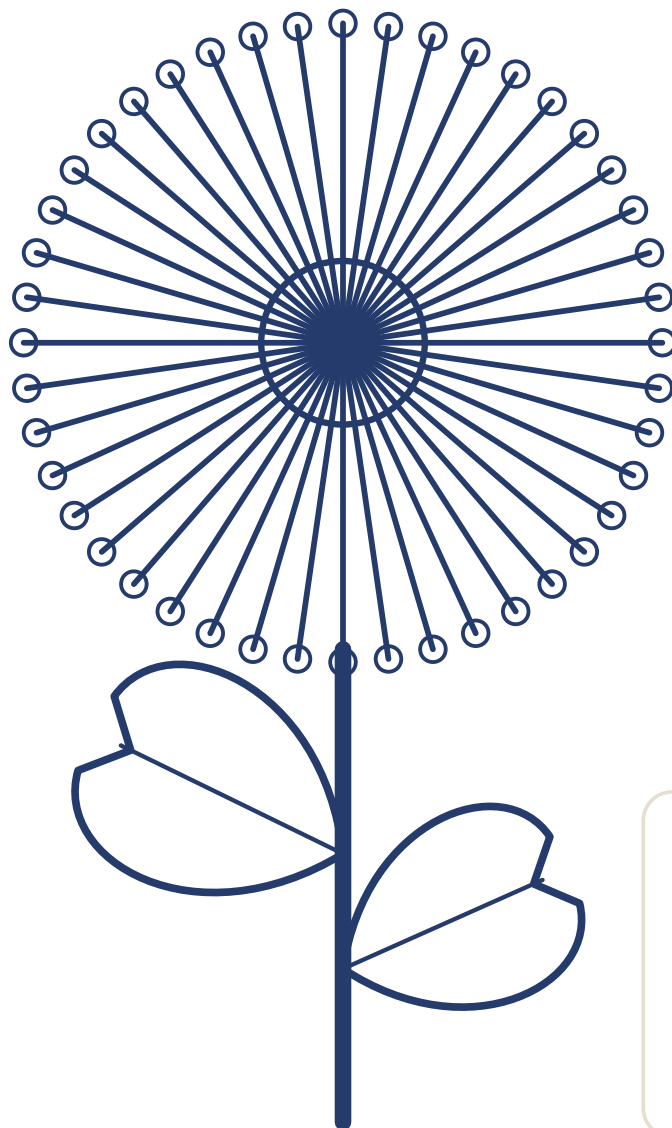

Petals are scattered in paths to guide families home on the Day of the Dead.

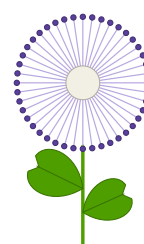

Passion Flower

Passiflora caerulea

Brazil and Peru

REAL COLOURS

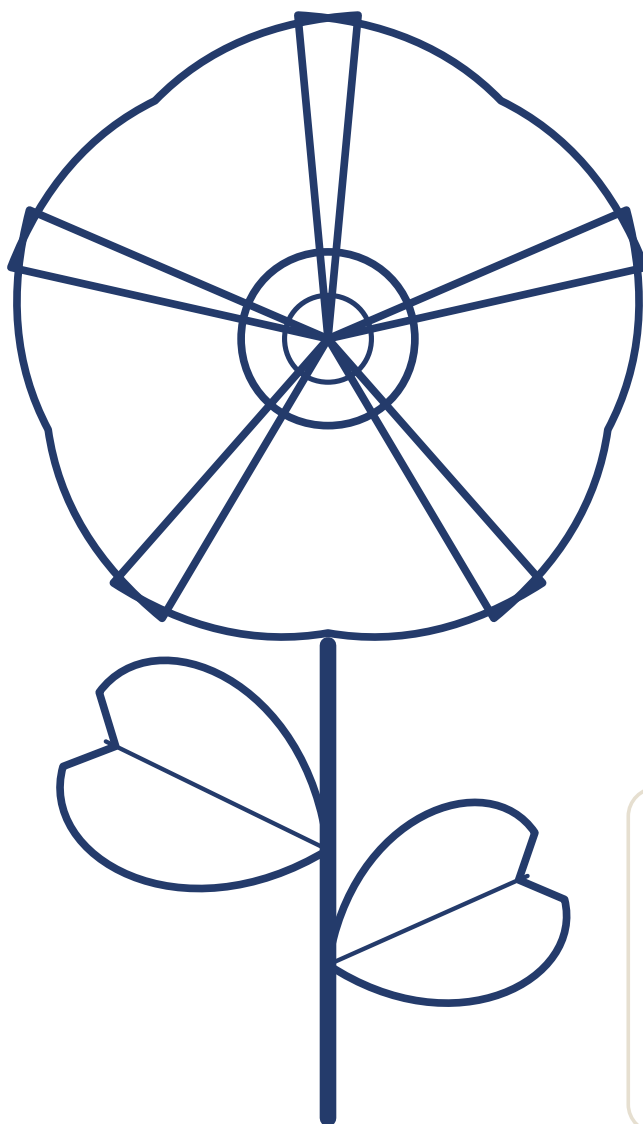

There is a ring of fine threads around the middle like a tiny crown.

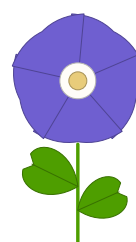

Morning Glory

Ipomoea purpurea

Central America

REAL COLOURS

Each flower opens at dawn and is finished by lunchtime.

Sunflower of the Prairies

Helianthus giganteus

North America

REAL COLOURS

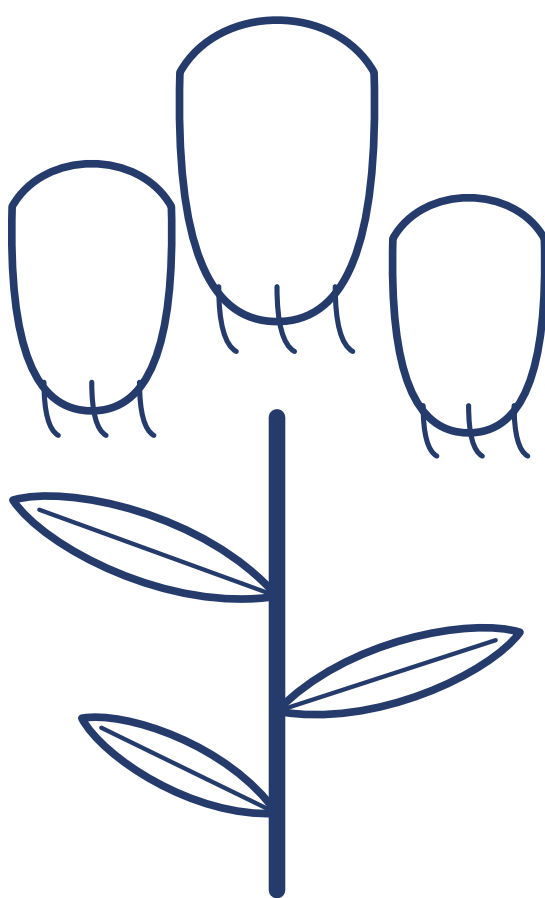

Native to the American plains, where it can grow three metres tall.

Fuchsia

Fuchsia magellanica

Chile and Argentina

REAL COLOURS

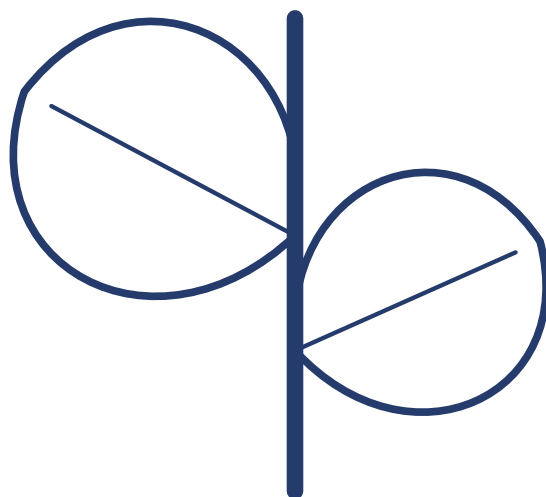

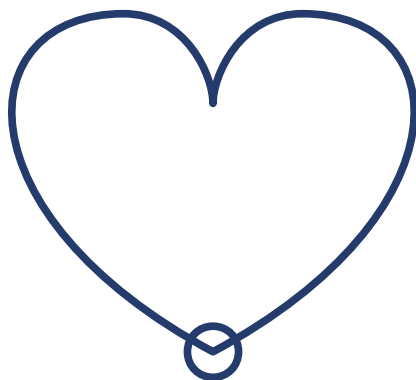

Two colours, one hanging inside the other, like a little ballerina.

Anthurium

Anthurium andraeanum

Colombia and Ecuador

REAL COLOURS

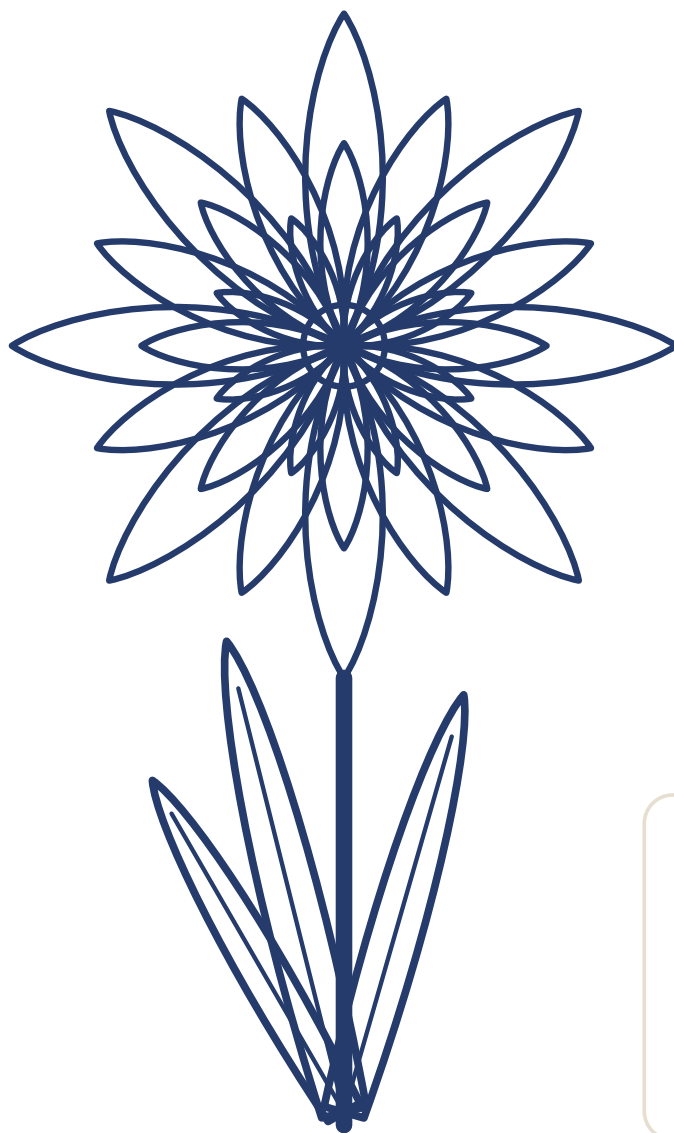

The shiny red part is a leaf. The real flowers are the bumps on the spike.

Bromeliad

Guzmania lingulata

Rainforests of Brazil

REAL COLOURS

It collects rainwater in the middle, and tiny frogs raise tadpoles in there.

Cactus Flower

Echinopsis oxygona

Argentina and Bolivia

REAL COLOURS

The plant waits all year, then flowers for a single night.

Black Eyed Susan

Rudbeckia hirta

North America

REAL COLOURS

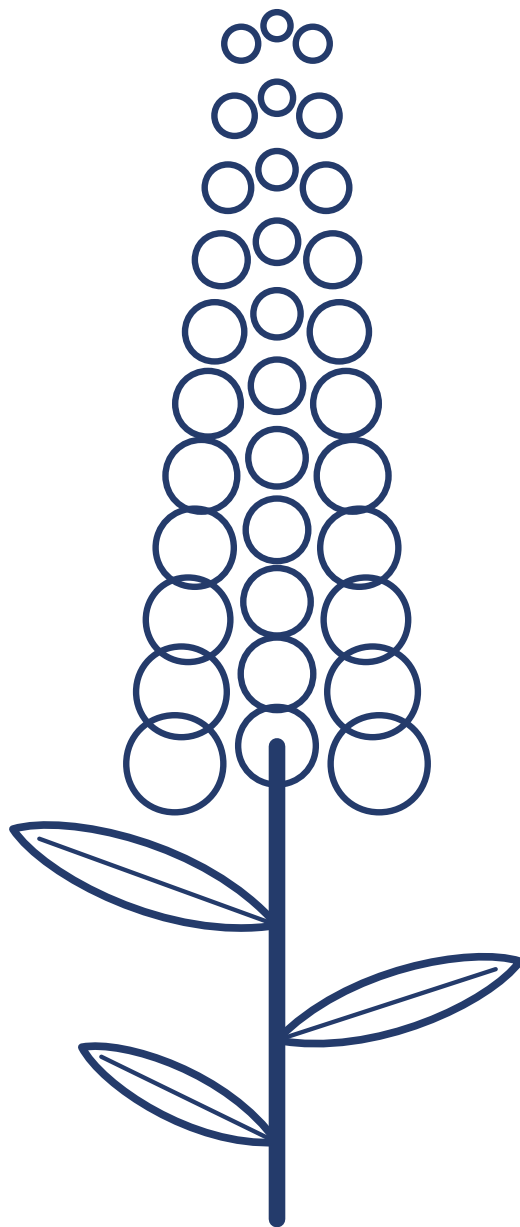

The dark middle really does look like an eye watching you.

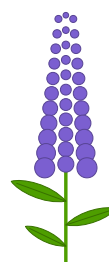

Lupin

Lupinus polyphyllus

North America

REAL COLOURS

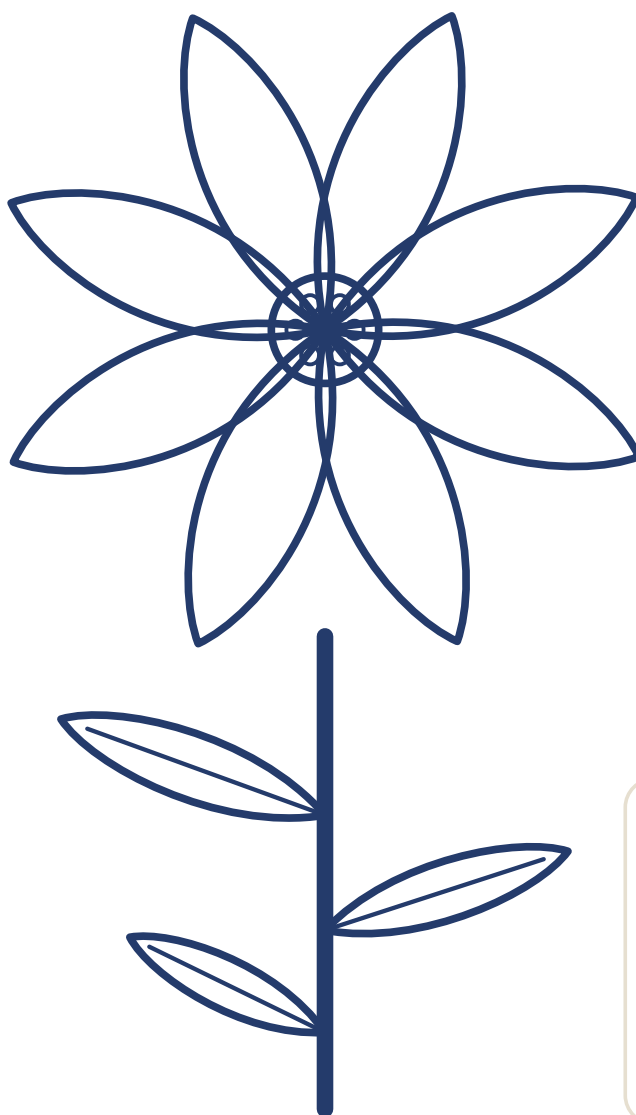

A tall tower of little pea flowers, opening from the bottom upwards.

Poinsettia

Euphorbia pulcherrima

Mexico · Christmas flower

REAL COLOURS

The red parts are leaves again. It only turns red when the nights get long.

FLOWERS OF AFRICA AND AUSTRALIA

Flowers of Africa and Australia

Fourteen flowers from Africa, Australia and the Pacific:
proteas, bottlebrushes, banksias and the blue lotus of
the Nile.

King Protea

Protea cynaroides

South Africa · National flower

REAL COLOURS

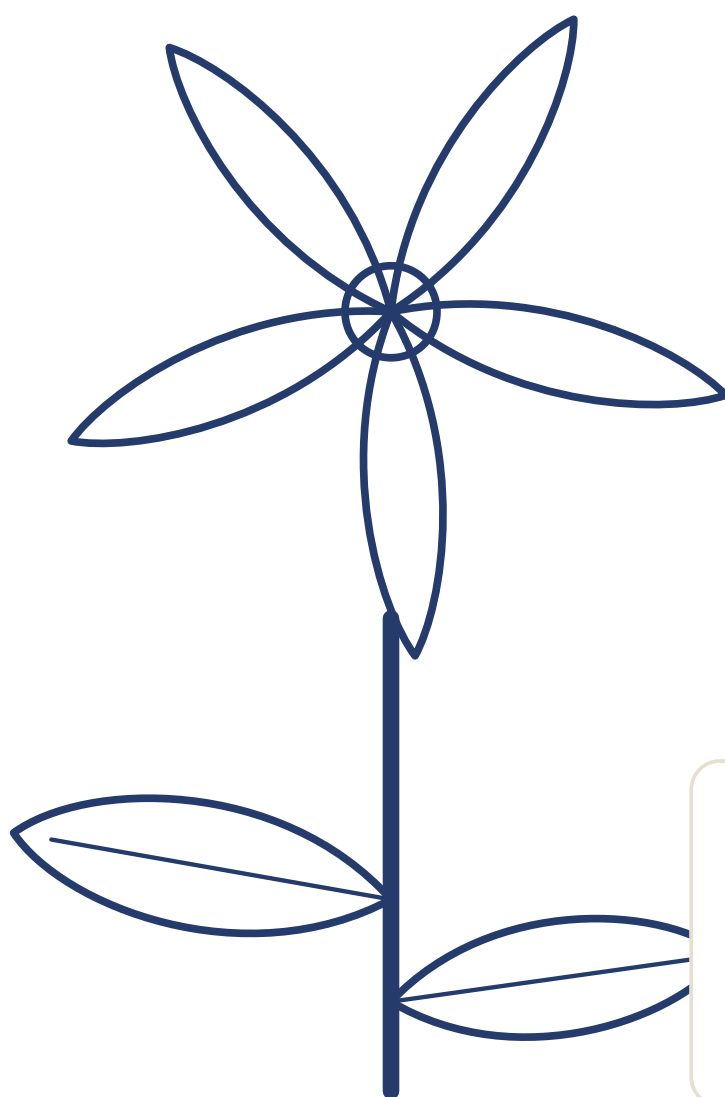

The flower head can be as wide as a dinner plate.

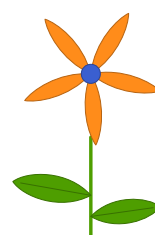

Bird of Paradise

Strelitzia reginae

South Africa

REAL COLOURS

It really does look like the head of a bird, and sunbirds perch on it to feed.

African Daisy

Osteospermum ecklonis

South Africa

REAL COLOURS

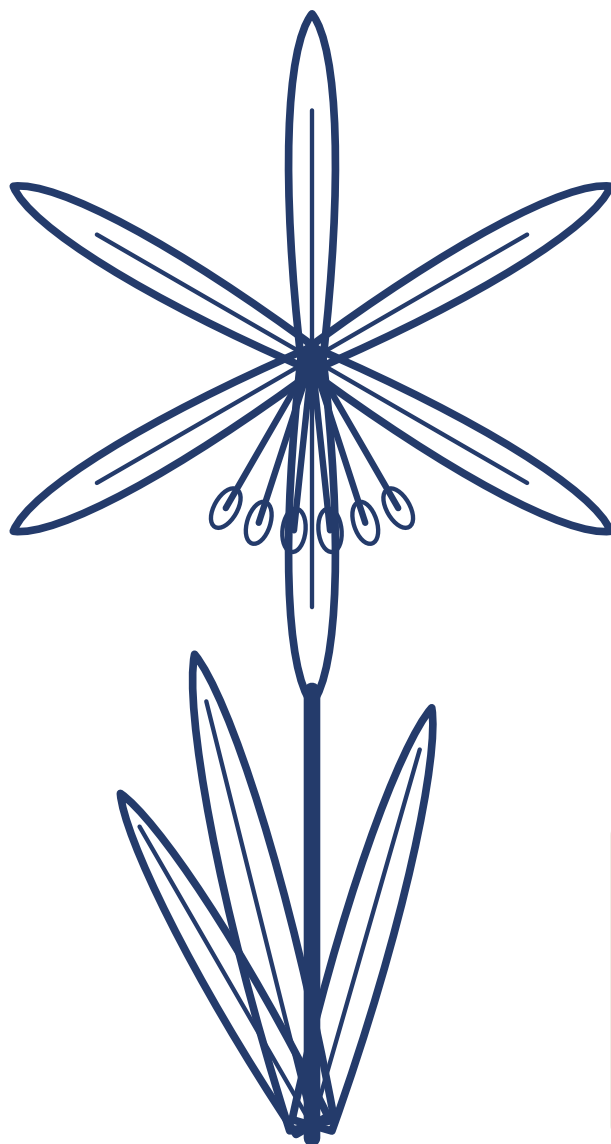

The petals close at night and open again the moment the sun hits them.

Flame Lily of Zimbabwe

Gloriosa superba

Zimbabwe · National flower

REAL COLOURS

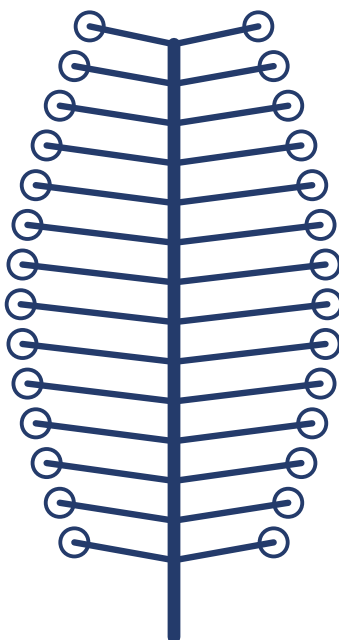

Every petal curls backwards, leaving the stamens sticking straight out.

Aloe Flower

Aloe ferox

South Africa

REAL COLOURS

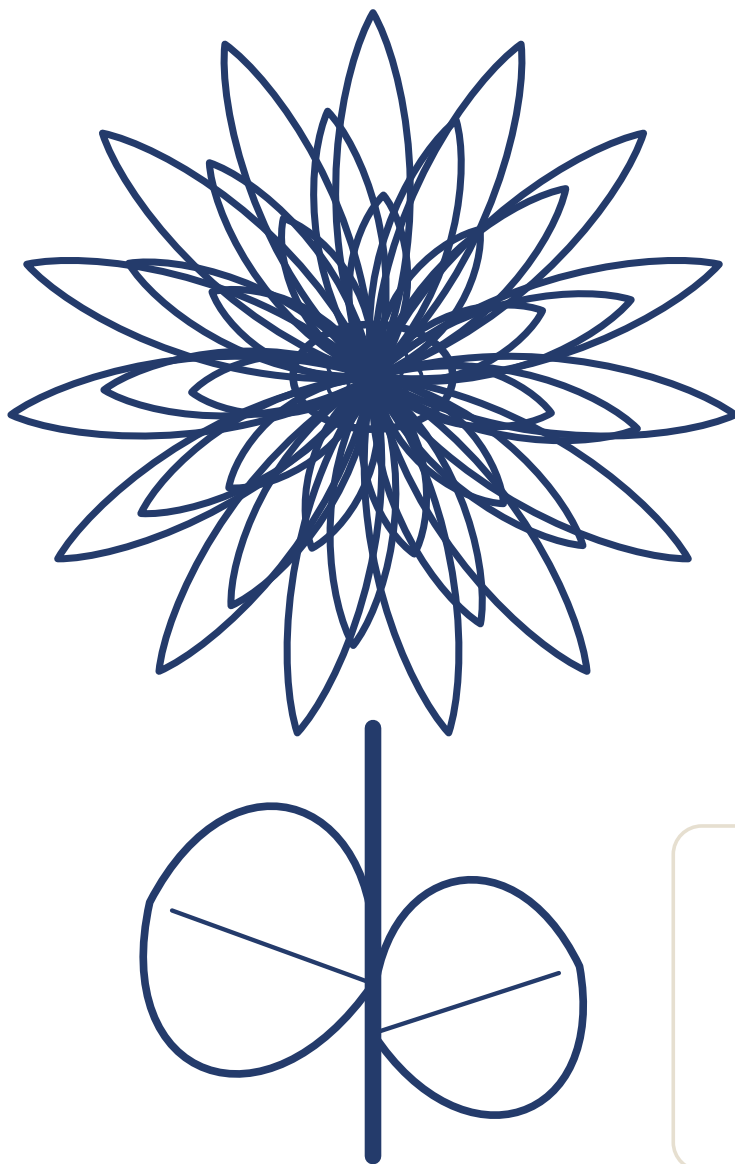

A thick spike of orange tubes on a plant with spiky leaves.

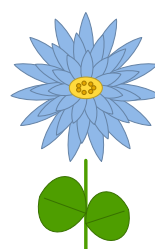

Egyptian Blue Lotus

Nymphaea caerulea

Egypt · Nile

REAL COLOURS

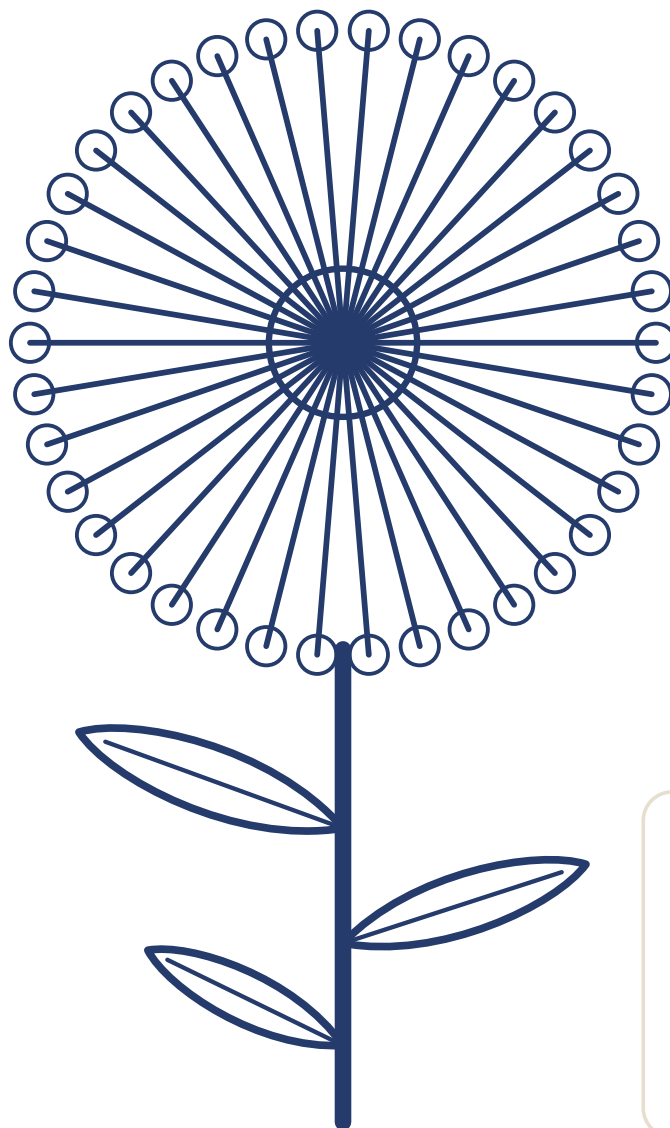

Painted on tomb walls for thousands of years. It opens at sunrise.

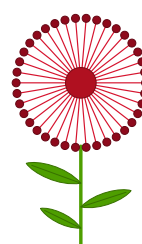

Waratah

Telopea speciosissima

Australia · New South Wales

REAL COLOURS

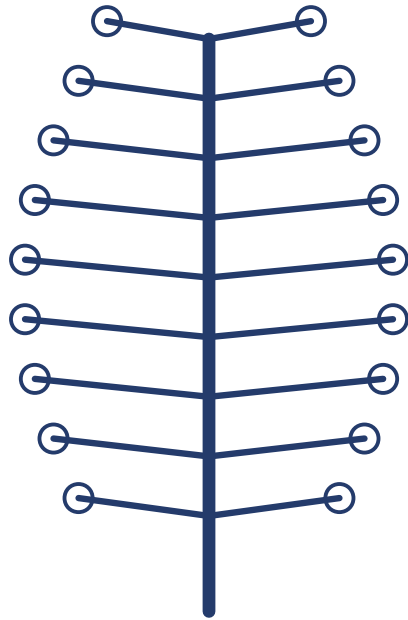

A dome of hundreds of red tubes, sitting on a ring of red leaves.

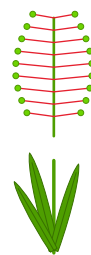

Kangaroo Paw

Anigozanthos manglesii

Australia · Western Australia

REAL COLOURS

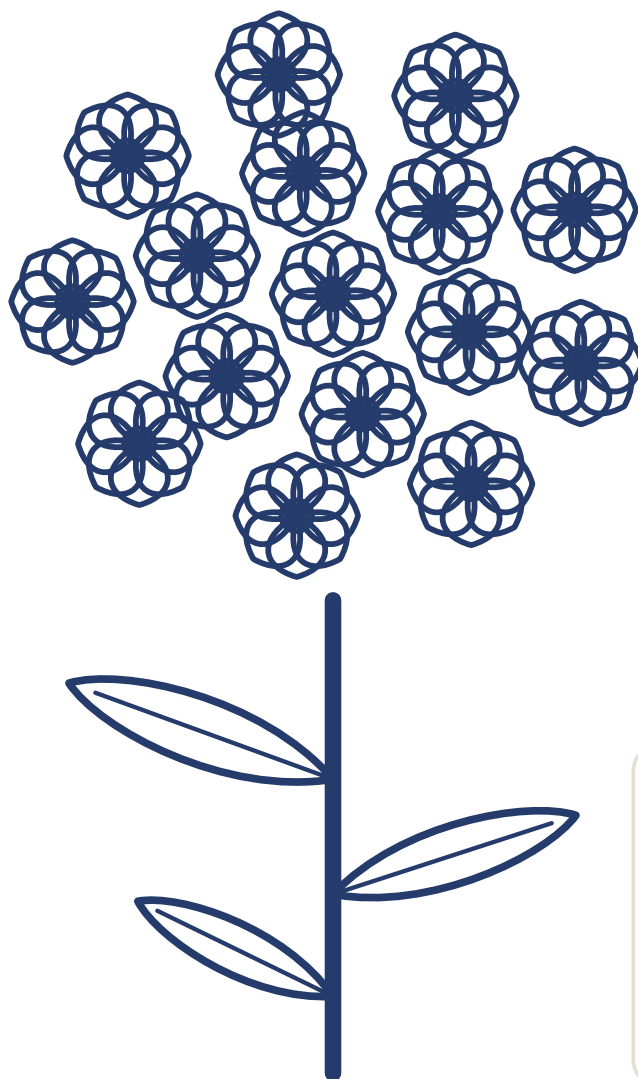

The furry flowers really are shaped like a paw, and they are green and red.

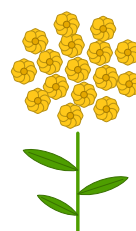

Golden Wattle

Acacia pycnantha

Australia · National flower

REAL COLOURS

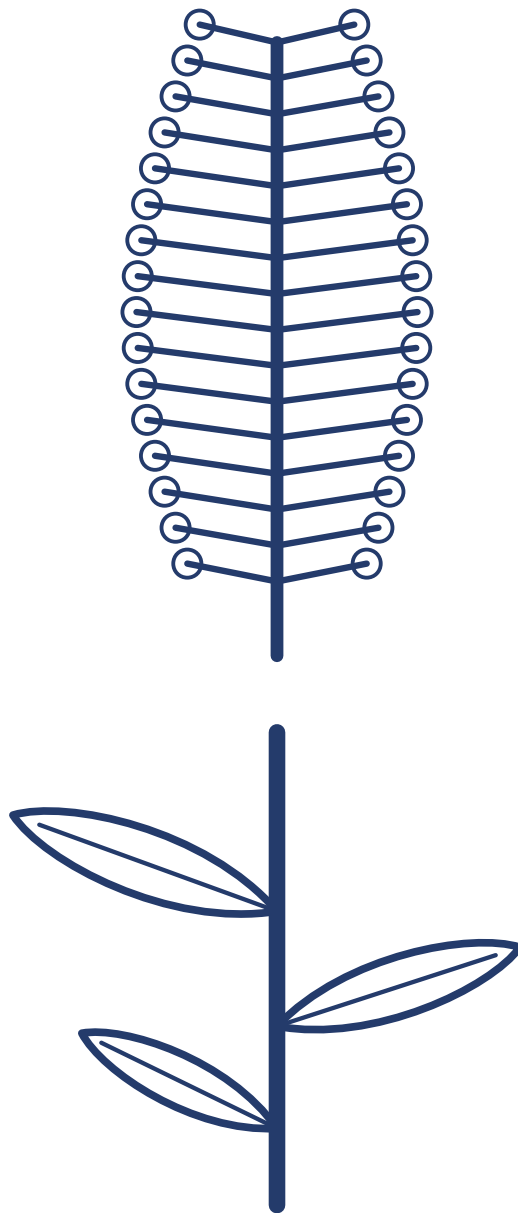

Hundreds of tiny golden balls, each one a bundle of threads.

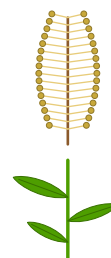

Banksia

Banksia serrata

Australia

REAL COLOURS

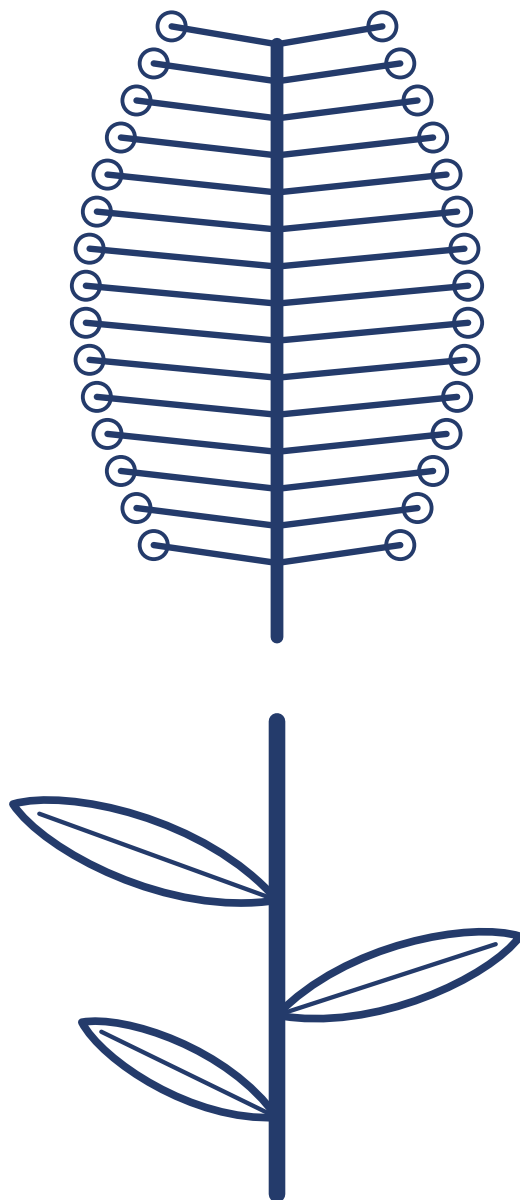

A cone covered in thousands of flowers. Honeyeaters feed on it all winter.

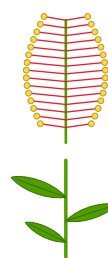

Bottlebrush

Callistemon citrinus

Australia

REAL COLOURS

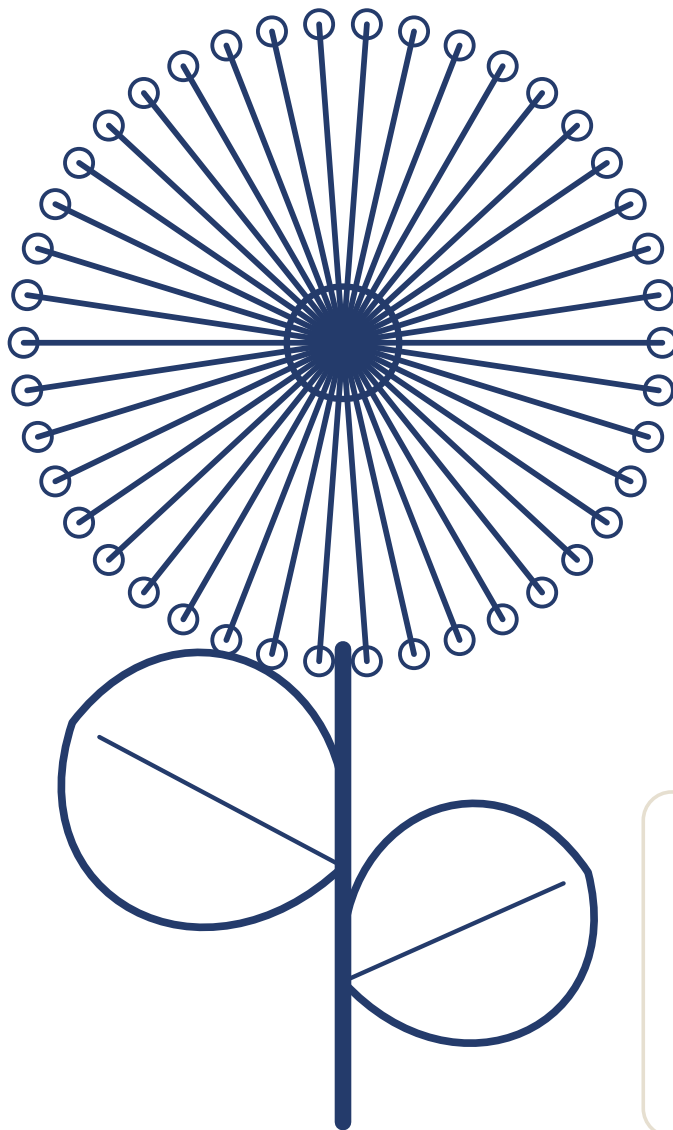

It is named after exactly what it looks like: the brush for washing a bottle.

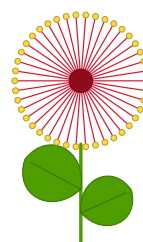

Pohutukawa

Metrosideros excelsa

New Zealand · Christmas tree

REAL COLOURS

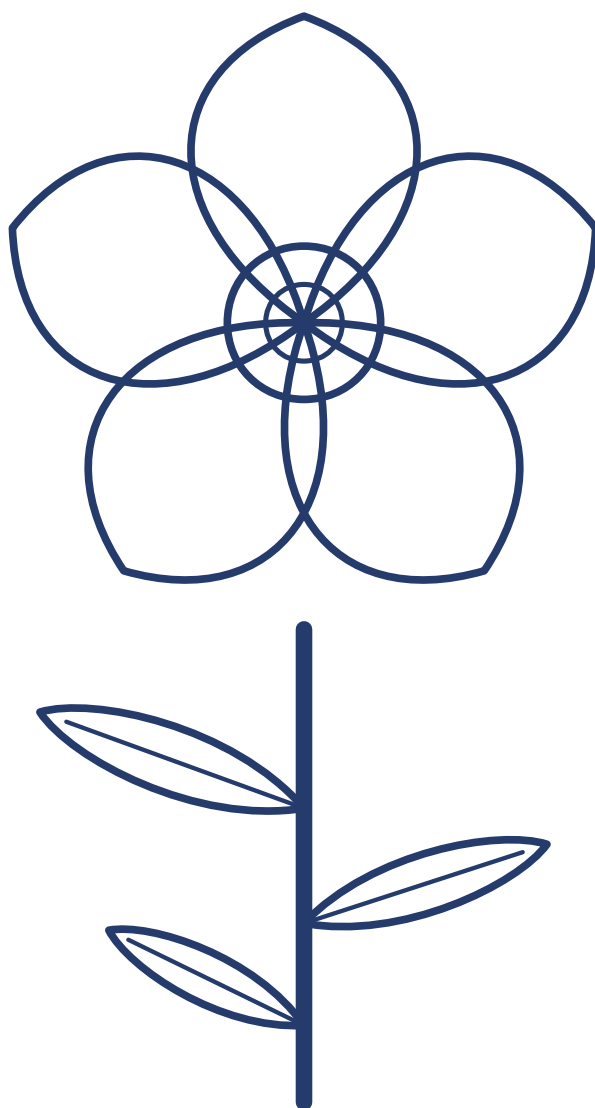

It flowers in December, which is high summer in New Zealand.

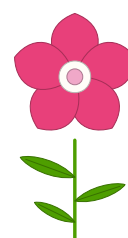

Desert Rose

Adenium obesum

East Africa and Arabia

REAL COLOURS

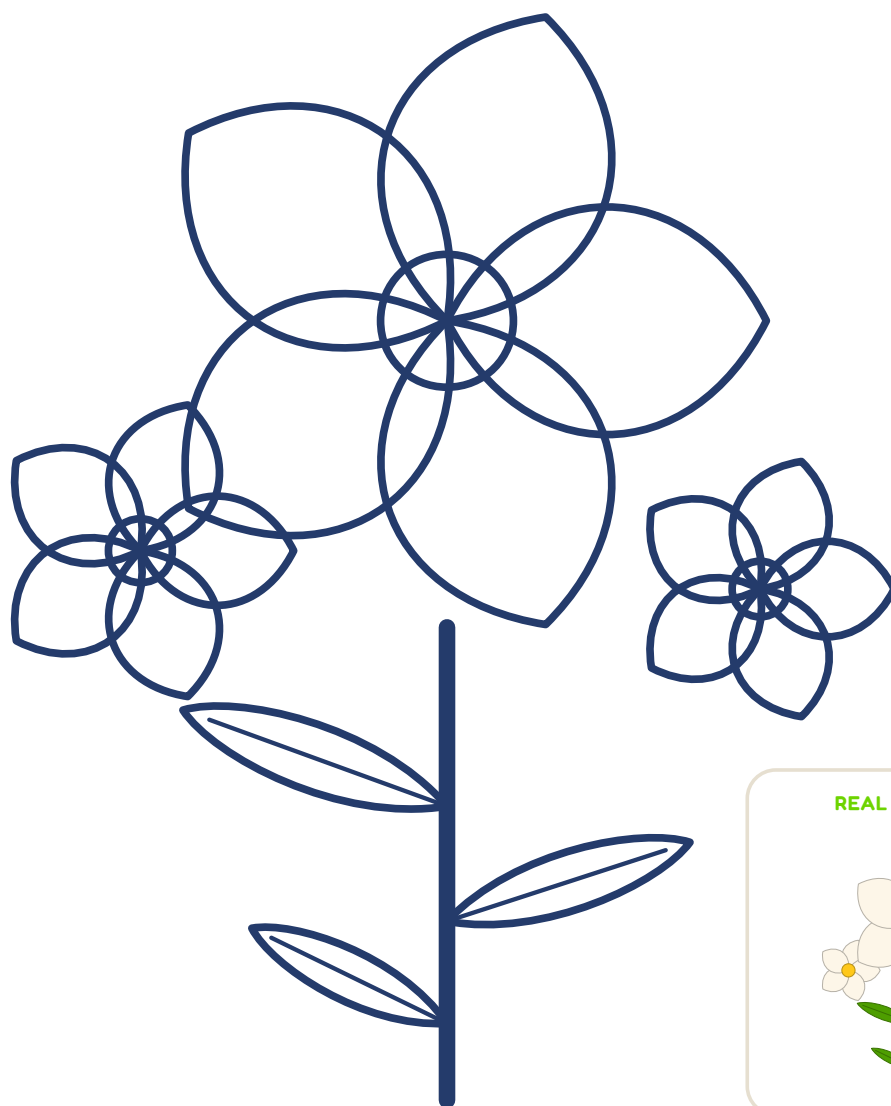

It stores water in a swollen trunk so it can flower in the driest places.

Frangipani of the Pacific

Plumeria alba

Pacific Islands

Worn behind the ear. Left side means taken, right side means available.

C E R T I F I C A T E O F F I N I S H I N G

In Full Bloom!

This certificate is proudly given to

for colouring all 104 flowers in this book, for learning the names of
52 flowers of India, and for never once colouring a leaf the wrong
shade without a very good reason.

Date

Grown up signature

Now go and find one growing.

Your child now knows 104 flowers by name, and more than half of them grow in India. Take a walk this week and see how many they can spot. Thank you for choosing paper and pencil over one more scroll.
